Tom Edwards, President/CEO
NW Preferred Federal Credit Union
13333 SW 68th Parkway
Tigard, OR 97223

Dear Mr. Edwards:

I approved your proposal to convert from a single occupational common bond charter serving a select employee group to a single occupational common bond serving a trade, industry, or profession (TIP). This action was taken in accordance with chartering and field of membership policy, IRPS 03-1, Chapter 2, Section II.A.2.

When your board adopts the enclosed amendment, you may begin offering service to employees, independent contractors, or self-employed persons who work regularly in the licensed insurance industry in Washington, Oregon, or Idaho, meaning they, or the entities for which they regularly work, are licensed to sell, underwrite, or service insurance products.

If you have any questions, please contact Rick Mumm at (602) 302-6000.

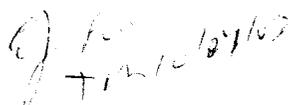

Sincerely,

Melinda Love
Regional Director

REGIONAL SUMMARY
NW PREFERRED FEDERAL CREDIT UNION (NWPFCU) #03853
CONVERSION TO A TRADE, INDUSTRY, OR PROFESSION (TIP) COMPLIANCE
WITH IRPS 03-1

1. GENERAL BACKGROUND:

FCU Name:	NW Preferred	Charter No.	03853
Location:	Tigard, OR	SE/EX:	Kelly / Torres
Current Members:	7,885	Assets:	\$93,920,171
Potential Members:	10,000	Loans:	\$64,186,885
Penetration Rate:	73.97%	Shares:	\$85,433,848
Requested Members:	79,236	Earnings:	.41%
Date Application Received	06/19/03	Delinquency:	1.43%
Last Exam (Code 10):	09/30/02	Net C/Os:	0.49%
Camel:	(b)(8)	Net Worth:	8.02%

History of the credit union -- The agency chartered the credit union in 1940 to serve employees of Farmers Insurance who work in Portland, Oregon. As Farmers Insurance expanded and restructured over the years, the credit union amended its field of membership to reflect sponsor changes.

Currently, NWPFCU retrains its occupational common bond serving Farmers Insurance Group employees, commissioned agents, and employees of commissioned agents who work in Washington and Oregon. In 1999, they added the residents of Stayton, Oregon through a purchase and assumption meeting emergency merger criteria.

Because of sponsor restructuring and consolidations, the credit union's potential membership is declining. To remain viable and healthy, NWPFCU requests the charter change to expand its membership base while continuing to serve the same type of members it has served for over 60 years.

Proposal -- NWPFCU requested a TIP to serve any person, entity, or person employed by an entity who is licensed to sell, underwrite, or service insurance products in Oregon, Washington, and Idaho.

Determination of Membership Eligibility -- NWPFCU will confirm eligibility by verifying the person is either a licensed agent or that they work for a licensed insurance entity. To verify licensed agents, the credit union will use lists from the departments of insurance in Oregon, Washington, and Idaho. To verify employees of licensed entities, the credit union will establish eligibility through pay stubs and/or direct verification with the human resources department of the employer. 3*

2. Business/Marketing Plan: NWPFCU submitted a detailed business and marketing plan on how they plan to serve the TIP. The plan is reasonable and projections attainable.

Financial Projections -- NWPFCU provided detailed and comprehensive pro forma financial statements for the first 2.5 years of conversion. The credit union based its projections on their historical averages for similar members and data developed from a review of 5300s from other credit unions over \$50 million with fields of membership serving the insurance industry.

(b)(5),(b)(8)

The field stated, "the pro forma financial statements and the underlying assumptions are reasonable if not somewhat ambitious. If growth occurs as projected the credit union will be able to handle the increased growth with out adverse impact on operations."

Based on the business plan review and the field's assessment, the pro forma projections and assumptions are reasonable and attainable.

Operating Facilities -- NWPFCU has two branch locations in Oregon (Tigard and Stayton). While the credit union's locations are sufficient for their current membership,

(b)(4)

To supplement physical locations, the credit union provides service through ATM locations, 24/7 telephone access, and home banking.

Services -- NWPFCU is well versed in serving an insurance related field of membership. Since its inception, the credit union has served insurance agents, their support staff, and insurance company employees. The credit union gears its services and product lines to their particular needs. This experience will serve the credit union well as it expands to serve the insurance industry.

NWPFCU is full service offering a wide range of share and loan products. This includes real estate loans, consumer loans, Visa cards, share accounts, ATM/debit cards, home banking, and bill payer services.

(b)(8)

3. Credit Union's Current Financial Condition: NWPFCU is a well-run financially strong (b)(8) credit union. The last examination did not include a Document of Resolution and noted management is proactive in taking action to correct credit union problems.

4. Recommendation: Supervisory Examiner Larry Torres, Examiner Brendan Kelly, and DOI recommend approval.

CHA 1B of the Delegations of Authority provides the authority for the Regional Director to approve the conversion to a TIP with the concurrence from OGC and E&I.

Mr. Rick Ravine, Acting Regional Director
National Credit Union Administration

Dear Mr. Ravine:

Our credit union is requesting a "TIP" designation to serve the insurance industry in the states of Oregon, Washington, and Idaho. Enclosed you will find a Business Plan that supports what we are requesting.

We believe we are ideally suited to serve the whole insurance community in the Northwest. The insurance industry is a unique segment of our economy, and one that has been traditionally underserved. It is filled with people who have a unique skill set and experience. Some of these people have very unique financial needs. We have actively served the insurance professionals and staff of Farmers Insurance Group (FIG) in Oregon and Washington for over 60 years. We believe that we can leverage our unique experience and offer value-added financial services to the insurance community.

When we first contemplated a TIP designation, we originally sought a trade area that covered Oregon and Washington only. But as we researched and visited with the NCUA regional staff, they indicated that it might be possible to add Idaho as well. We are interested in serving the entire insurance industry of the Northwest.

As you review our application, I hope you contact my staff or me with any questions that you may have. If your staff sees a better way to accomplish what we are requesting, please give us a call.

Sincerely,

Tom Edwards
President & CEO

Overview

As a result of the NCUA's recent revision to federal credit union chartering and field of membership rules allowing single common bond credit unions the option to serve specific trades, industries, or professions (TIP), NW Preferred Federal Credit Union is seeking to expand its current Field of Membership as follows:

To serve any person, entity, or person who is employed by an entity who is licensed to sell, underwrite, or service insurance products in the states of Oregon, Washington, or Idaho. This field of membership also extends to individuals retired from these entities, as well as all immediate family members of individuals employed by these entities. ("Immediate family member" is defined as the legal spouse, parent, child, step-child, sibling, step-sibling, or grandparent of the person eligible to join the credit union.)

We believe that NW Preferred Federal Credit Union is well positioned to serve this largely underserved segment of the population. For more than 60 years NW Preferred Federal Credit Union (as NW Farmers Insurance Group Federal Credit Union) has successfully served the employees and agents of Farmers Insurance Group in the states of Oregon and Washington. It is estimated that the Credit Union currently serves approximately 75% of the eligible Farmers Insurance employees/agents.

In recent years, we have seen the parent company of Farmers Insurance Group, the Zurich Group, consolidate its operations in the Northwest and reduce the total number of people working in NW Preferred Federal Credit Union's current field of membership. This consolidation effort has resulted in the closing of Farmers Insurance's Vancouver, WA Service Center and numerous Claims Offices throughout the Northwest. The result has been a reduction in the number of new people eligible to join NW Preferred Federal Credit Union.

Because of our success in penetrating the Farmers Insurance Group workforce in the Northwest and the recent steps taken to reduce the number of Farmers employees in this area, the Board of Directors of NW Preferred Federal Credit Union has been investigating options available to insure the Credit Union remains financially viable and able to adequately meet the needs of its membership. After much review and discussion, the Board of Directors of NW Preferred Federal Credit Union believes the NCUA's recently adopted rules allowing single sponsor credit unions to adopt a TIP charter will meet the current needs of the Credit Union and allow for healthy, sustained growth into the future.

RE: Additional Information pertaining to NW Preferred FCU's TIP field of membership application

Dear Mr. Mumm,

This letter is in response to your recent request for further clarification on our inclusion of Idaho in our TIP application. Specifically this letter seeks to provide you answers to the following issues:

- Information on the geographic distribution of licensed insurance professionals in the State of Idaho.
- Availability of automated line of credit loan offerings
- Clarification on our plans to hire a Membership Development Officer to help service our new FOM

Issue #1 Geographic distribution of licensed insurance professionals in the State of Idaho

According to data provided by the Idaho Department of Insurance there are currently 7,858 resident insurance agents and agencies/companies resident in the state. As expected the majority of these resident agents and agencies/companies are concentrated in two primary population centers of Idaho; the I84-I86-I15 corridor (Boise City – Idaho Falls) of Southern Idaho and the Coeur d'Alene-Moscow-Lewiston area of Northern Idaho (see attached map). As previously indicated in our September 25th correspondence these areas will initially be served through a combination of shared branch facilities and deposit taking ATMs distributed throughout Idaho, with corresponding concentration in the major population centers of the state.

Issue #2 Availability of automated line of credit loan offerings

In order to better serve its already disbursed membership NW Preferred has, over the years, made a concerted effort to develop an easy to use automated line of credit system. As a result 60% of all of our current outstanding loan balances are on line of credit loans. Here is a summary of those loans (as of August 31, 2003):

Home Equity Line of Credit	16,281,713
Personal Line of Credit	1,868,515
VISA Line of Credit	2,886,697
Contract Value Line of Credit	<u>16,718,118</u>
Total Outstanding LOCs	37,755,042

Total Loans 62,240,464

Our line of credit loans are fully accessible through a number of access methods, including on-line banking, audio banking, ATMs, checking accounts and credit cards. We are confident the systems we have already developed will facilitate access to funds to our new FOM as we move forward.

(b)(4)

Issue #3 Clarification of plans to hire a Membership Development Officer

— We have been asked to clarify an apparent discrepancy between our original application in which we indicated we would “consider” hiring a Business Development Officer and our recent communication in which we indicated we “will” hire a Business Development Officer. It has always been our intent to hire a person in this capacity. We have successfully utilized a person in this capacity in the past and understand the value they can bring to the organization. Our earlier qualified statement was perhaps too cautious. After reexamining the opportunities present in Idaho, as well as Eastern Oregon and Washington, we intend, as indicated in our September 25th communication to use this person to promote membership and serve as a liaison for existing credit union members. After we realize sufficient growth in these areas we will look to open local branches to further support the local membership. Again, it is expected that the Business Development Officer will spend more than half their time traveling to areas beyond our physical branch locations.

Thanks again for your continued assistance in helping us complete this application. If you have any additional questions or require further clarification, please let me know.

Sincerely,

Tom Edwards
President & CEO
