Re: Advance Notice of Proposed Rulemaking

Dear Mary,

I have been in the credit union movement for 20 years and know the role Missouri Corporate plays in the everyday credit union operation. Our credit union has been in existence for 48 years and is a closed field of membership for a hospital system. Our credit union with assets of 17 million dollars and other credit unions in that range would not be able to operate without Missouri Corporate. I believe this is not fair to our members who chose us to be their financial institution. We do not have the staff that this would require to bring this in house to continue to provide these services to our members.

I ask that you stand with us and help us to support Missouri Corporate and their employees for the great service they have provided to the credit union movement.

Sincerely,
