Subject: Comments on Proposed Rule Part 740

The 60 day compliance deadline for displaying the revised signs would be sufficient for our teller windows, newsletters, and websites. However, we just recently updated all of our brochures and our owner's manuals at a cost of \$20,000. These supplies will last us at least a year maybe 18 months.

We order our owner's manual through CUNA and they will be inundated with all of the credit unions having to replace their current stock at the same time.

It would be our recommendation that the credit union be allowed to exhaust their current stock and upon re-order update the information.

Thank you for the opportunity to comment on this proposed rule change.
