MUST BE RECEIVED BY: JULY 24, 2006

TO THE BOARD OF DIRECTORS OF THE CREDIT UNION ADDRESSED:

This booklet contains the second quarter 2006 5300 Call Report. All credit unions must complete pages 1-10 of this form. Page 11 is the PCA Net Worth Calculation Worksheet and requires no input unless you intend to use an optional Total Assets Election or Alternative Risk Based Net Worth calculation to compute your net worth ratio. Page 12 is the Standard Components of Risk Based Net Worth Requirement worksheet which is automated and requires no input. Pages 13 – 16 contain supplementary schedules and should be completed as applicable.

Please complete the Call Report using accounting and statistical information from your credit union's records as of June 30, 2006. A paper copy of the form has been provided for your convenience. However, we urge you to prepare the Call Report using the automated PC 5300 System which accompanies this report. This system is more efficient to use, more cost effective and helps to ensure more accurate data.

Please return your completed Call Report information as soon as possible, but no later than **July 24, 2006**. There is an instructional letter accompanying this report which provides you with the appropriate return address. Please follow these instructions carefully.

If you have any questions, please contact your National Credit Union Administration Regional Office or your state credit union supervisor, as appropriate.

NATIONAL CREDIT UNION ADMINISTRATION

SECOND QUARTER CALL REPORT

2006

INSTRUCTIONS FOR REPORTING REQUIREMENTS

This form has been divided into two sections--a core section and a section of supplementary schedules. All credit unions must complete the core section, pages 1 - 10. Supplementary schedules A-C on pages 13 -16, must be completed if they are applicable to your credit union:

Schedule	Reporting Requirement
A – Specialized Lending	Complete this schedule if your credit union: <ul style="list-style-type: none"> • has real estate loans outstanding or real estate lending activity year to date, • has business loans outstanding or business lending activity year to date, • has indirect loans outstanding, • has participation loans outstanding or participation lending activity year to date, or • has purchased loans from other financial institutions year to date.
B – Investments, Supplemental Information	Complete this schedule if your credit union: <ul style="list-style-type: none"> • has investments classified as Trading, Available for Sale, or Held to Maturity, • has non-security investments that meet the requirements of Part 703.10(a), • has investments purchased under an investment pilot program as defined by Part 703.19, • has investment repurchase agreements, • has investments not authorized by the FCU Act or NCUA Rules and Regulations, or • has investments in brokered certificates of deposit or brokered share certificates.
C – Credit Union Service Organization (CUSO) Information	Complete this schedule if your credit union has a loan to or investment in a CUSO.

CHANGES TO THE NCUA 5300 CALL REPORT EFFECTIVE JUNE 2006:

1. The **Classification of Investments, Cash on Deposit and Cash Equivalents** section of *Schedule C – Investments, Cash on Deposit and Cash Equivalents* was moved to the Balance Sheet. Many small credit unions have only investments in non-SFAS 115 investments. By moving this section of Schedule C, those credit unions will not have to complete Schedule C. The remaining portions of Schedule C will become *Schedule B – Investments, Supplemental Information*.
2. The **Distribution of Borrowings** section of *Schedule E – Borrowings* was moved to the Balance Sheet. Making this change allowed the combination of the remainder of Schedule E with *Schedule G - Off-Balance Sheet Commitments and Contingent Assets and Liabilities* to create a required page for *Liquidity Commitments and Sources*.
3. The **Distribution of Savings** and **Dividend Rate** sections of *Schedule F – Savings* was consolidated into the Balance Sheet thereby eliminating Schedule F.
4. The **New Programs and Services** section of the *Miscellaneous Page* was changed to **Programs and Service Offerings**. The credit union will be asked to check all programs and service offerings in existence as of the call report date rather than check if the program or service is new. Certain programs or service offerings trigger the need to complete certain schedules as identified in the **Programs and Service Offerings** section.
5. A *Delinquent Loans and Loan Charge Offs and Recoveries* page was developed by pulling all delinquent loan and charge off information from the *Loan Information* page, *Schedule A – Real Estate Loans/Lines of Credit*, and *Schedule B – Business Loans*. The delinquent loan information collected was modified to reflect first mortgage loans, all other real estate loans, and leases receivable to match the loan collateral codes on page 2 of the 5300 form. The additional loan collateral codes of new vehicle loans, used vehicle loans, all other unsecured loans/lines of credit, and all other loans/lines of credit are summarized under one loan delinquency title of “All Other Consumer Loans”. Also, data will be collected on delinquent indirect loans, participation loans, and agricultural loans. The remaining portions of the loan information page and Schedules A and B were combined to create *Schedule A - Specialized Lending*.
6. The *Information Systems & Technology* page is still required by all credit unions and *Schedule C – Credit Union Service Organization (CUSO) Information* will be required, if applicable.
7. The 5300 Call Report Instructions will be published separately from the form. This change will better allow the use of expanded examples to illustrate the proper completion of the form.

As follows, these changes resulted in:

103 new account codes;

- *The page reference refers to the New June 30, 2006 5300 Form.*

47 deleted account codes; and

- *The page reference refers to the Prior March 2006 5300 Form.*

1 modified account code.

DON'T MAKE ENTRIES ON THIS FORM UNLESS YOUR CREDIT UNION HAS A LOAN TO OR INVESTMENT IN A CUSO

Complete a separate line of information for each CUSO in which you have a loan or an investment, regardless of whether your credit union wholly owns the CUSO, has a "controlling financial interest", has the "ability to exert significant influence" or owns only a smaller portion of the CUSO. If you have a loan or investment in more than 15 CUSOs and file manually, please continue on a copy of this form.

CASH

1. Cash on Hand. Includes the change fund (change fund includes coin, currency and cash items such as stamps), vault cash, vault funds in transit, currency supply for automatic teller machines (ATMs).

2. Cash on Deposit (Amounts Deposited in Financial Institutions). Includes balances on deposit in financial institutions and deposits in transit. These amounts may or may not be subject to withdrawal by check and may or may not bear interest. Examples include overnight accounts at financial institutions, corporate credit union daily accounts, and checking accounts.

3. Cash Equivalents (Investments with Original Maturities of Three Months or Less). Cash equivalents are short-term highly liquid investments that:

- 1) have original maturities of 3 months or less,
- 2) are readily convertible to known amounts of cash, and
- 3) are used as part of the Credit Union's cash-management activities.

Examples of highly liquid investments include Fed Funds sold and certificates of deposit. However, if the asset is a security (as defined by GAAP), it is reported on lines 4, 5, or 6 regardless of whether it has the characteristics of a cash equivalent.

Report these investments at fair value. These investments should be categorized based on maturity or call, not on the basis of intent to sell.

7. Deposits in Commercial Banks, S&Ls, Savings Banks. Report the amount of deposits in commercial banks, savings and loans institutions and savings banks at their stated maturity. Do not include those short-term investments that are reported on line 2 as Cash on Deposit or on line 3 as Cash Equivalents, or negotiable certificates of deposit reported on lines 4, 5, or 6 as securities.

8. Loans to and Investments in Other Natural Person Credit Unions. Report the outstanding balance and maturity of all loans and investments in credit unions other than Corporate Credit Unions. Do not include those short-term investments that are reported on line 2 a or b as Cash on Deposit or on line 3 as Cash Equivalents, or negotiable certificates of deposit reported on lines 4, 5, or 6 as securities. (Note: loans in credit unions that are not held as an investment should be reported under Loans & Leases)

9. Membership Capital at Corporate Credit Unions. Report the total of Membership Capital at a Corporate Credit Union as defined in Section 704.2 of the NCUA Rules and Regulations. 10. Paid-In Capital at Corporate Credit Unions. Report the total of Paid-In Capital at a Corporate Credit Union as defined in Section 704.2 of the NCUA Rules and Regulations. 13. TOTAL INVESTMENTS. Sum of lines 4 – 12.

14. Loans Held for Sale. Report the amount of outstanding loans either identified for sale at origination or subsequently for which there has been a decision to sell. Do not include these balances in the balances of the items: **Total 1st Mortgage Real Estate Loans/Lines of Credit** (Line 19) and **Total Other Real Estate Loans/Lines of Credit** (Line 20) on page 2.

- If your credit union originated any real estate loans year-to-date classified as *Loans Held for Sale*, complete the Real Estate Loans section of **Schedule A – Specialized Lending** on page 13.
- If your credit union originated any member business loans year-to-date classified as *Loans Held for Sale*, complete the Business Loans section of **Schedule A – Specialized Lending** on page 14.
- Loan commitments to originate (e.g., interest rate lock commitments) or acquire (e.g., forward loan sales commitments) mortgage loans that will be resold as part of a credit union's mortgage banking operations are derivatives and must be recorded at fair value in Other Assets (page 2, line 29c) or Other Liabilities (page 3, line 8).

LOANS & LEASES

- **Collateral Codes:** Loans are to be reported by collateral code. For example, if a new or used vehicle is secured by real estate, i.e., home equity loan, include it with real estate loans. If a member business loan or business purpose loan is secured by real estate, it should be reported as a real estate loan. Otherwise, report business loans on the Total All Other Loans/Lines of Credit line. Report the portion of any loan participation or purchase that remains on the credit union's balance sheet according to the applicable collateral code.
- **Interest Rates:** Report loan interest rates being offered as of the reporting period for each loan category. Report the actual rate (i.e., 6.5% = 6.5). If more than one rate applies, report the most common rate in each category.
- **For each loan category, report only those loans which have an outstanding balance.** Loans reported should be shown net of loan origination fees (costs) which shall be recognized over the life of the related loan as an adjustment of yield. Loan fees, certain direct loan origination costs, and purchase premiums and discounts on loans shall be recognized as an adjustment of yield generally by the interest method based on the contractual terms of the loan.
- **Participation Loans:** Report the number of individual loans in each pool—not the number of pools.

15. Unsecured Credit Card Loans. Include the rate, number, and dollar amount of outstanding credit card loans. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 9) of the Liquidity Commitments and Sources page.

16. All Other Unsecured Loans/Lines of Credit (other than credit cards). Include the rate, number, and dollar amount of outstanding unsecured loans and lines of credit other than credit card loans. Typically, this would include comaker and cosigner loans. Also, report overdraft protection program advances here (commonly referred to as “bounced-check protection” or “courtesy pay”). Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 9) of the Liquidity Commitments and Sources page.

17. New Vehicle Loans. Include the rate, number, and dollar amount of new vehicle loans where the new vehicle is pledged as security.

18. Used Vehicle Loans. Include the rate, number, and dollar amount of used vehicle loans where the used vehicle is pledged as security.

19. Total 1st Mortgage Real Estate Loans/Lines of Credit. Include the rate, number, and dollar amount of outstanding loans and lines of credit secured by a first lien on the property. Include member business loans secured by real estate. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 9) of the Liquidity Commitments and Sources page.

20. Total Other Real Estate Loans/Lines of Credit. Include the rate, number, and dollar amount of outstanding real property loans and lines of credit secured by an interest on the property other than a first lien. Typically, this would include home equity and second mortgage loans. Include member business loans secured by real estate. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 9) of the Liquidity Commitments and Sources page.

- If your credit union has any real estate loans outstanding (i.e., if there is amount reported on lines 19 or 20) or if your credit union has originated any real estate loans during the reporting period, complete the real estate loan section of **Schedule A – Specialized Lending** on page 13.
- If your credit union has any business loans outstanding or has originated any member business loans during the reporting period, complete the Business Loans section of **Schedule A – Specialized Lending** on page 14.

21. Leases Receivable. Include the rate, number, and dollar amount of outstanding direct financing leases as defined by GAAP (credit union is lessor). Credit unions that lease personal property such as vehicles to members make direct financing leases.

22. Total All Other Loans/Lines of Credit. Include the rate, number, and dollar amount of outstanding loans not already included in lines 14 - 21. Typically, this would include member business loans and business purpose loans not secured by real estate, share secured loans, agricultural loans, guaranteed loans, student loans, etc. Unused loan commitments must also be reported in the Off-Balance Sheet Commitments section (page 9) of the Liquidity Commitments and Sources page.

23. TOTAL LOANS & LEASES. Sum of lines 15 - 22. Loans to other credit unions should be excluded from Total Loans and reported as an investment.

24. Allowance for Loan & Lease Losses. Amount set aside to absorb possible losses on loans and leases (excludes the Regular Reserve).

OTHER ASSETS

25. Foreclosed and Repossessed Assets. Report long-lived assets intended for sale and acquired through, or in lieu of foreclosure or repossession in the applicable category (i.e., Real Estate, Automobiles, or Other).

Initially record the assets at fair value (less costs to sell) at the date of foreclosure or repossession. This fair value (less cost to sell) becomes the “cost” of the foreclosed or repossessed asset. The amount, if any, by which the recorded amount of the loan exceeds the fair value (less costs to sell) of the asset is a loss which must be charged off to the ALLL at the time of the foreclosure or repossession.

After foreclosure or repossession, re-value the assets periodically to the lower of “carrying amount” or “fair value (less costs to sell)” through a separate valuation account. Changes in the valuation allowance are included in net expenses from foreclosed and repossessed assets. If a repossessed or foreclosed long-lived asset is not sold shortly after it is received, any declines in value after foreclosure and any gain or loss from the sale or disposition of the asset shall not be reported as a loan loss or recovery and shall not be debited or credited to the ALLL.

26. Land and Building. Land and building, less depreciation on building, if any.

27. Other Fixed Assets. All other fixed assets such as furniture and fixtures, and leasehold improvements, less related depreciation, if any. In addition, include *leased assets under capital lease* (credit union is lessee), less accumulated depreciation, if any. In this situation, your credit union is leasing assets and granted a lease from an outside entity.

28. NCUA Share Insurance Capitalization Deposit (NCUSIF). Enter the amount of the National Credit Union Share Insurance Fund deposit.

29. Other Assets. Report accrued interest on loans and accrued interest on investments separately as applicable. All other investments include prepaid expenses, accounts receivable, and loans to and investments in CUSOs, and any other assets not previously included. Also, report any private insurance capitalization deposit here as well as any investments purchased and identified to fund deferred compensation agreement obligations. 2. Other Notes, Promissory Notes, and Interest Payable: Report by maturity the amount of all promissory notes, certificates of indebtedness and all other notes and interest payable, both to members and non-members. This includes borrowings from the Federal Reserve Bank Discount Window and borrowings from other government agencies or instrumentalities. Do not include draws against lines of credit reported in line 1 above.

Special instructions for lines 4 and 5, Subordinated Debt and Uninsured Secondary Capital:

In accordance with Section 701.34(c) of the NCUA Rules and Regulations, the amount reported as Uninsured Secondary Capital is dependent upon the remaining maturity. Report these accounts based on the following sliding scale:

Remaining Maturity	Amount to Report on Line 4 Subordinated CDCU Debt Percentage of Amount Borrowed	Amount to Report on Line 5 Uninsured Secondary Capital Percentage of Amount Borrowed
Greater than 5 years	0%	100%
4 to less than 5 years	20%	80%
3 to less than 4 years	40%	60%
2 to less than 3 years	60%	40%
1 to less than 2 years	80%	20%
Less than 1 year remaining maturity	100%	0%

4. Subordinated Debt: Report subordinated debt by maturity. Examples of subordinated debt include CDCU Secondary capital accounts accepted from organizational or institutional investors, with less than 5 years remaining maturity. *See special instructions above.*

5. Uninsured Secondary Capital. This account is for low-income designated credit unions only. Report secondary capital accounts accepted from organizational or institutional investors. NOTE: In accordance with Section 216(o)(2)(B) of the Federal Credit Union Act (as established by Public Law 105-219, the Credit Union Membership Access Act of 1998), Uninsured Secondary Capital is included in net worth for low-income designated credit unions. *See special instructions above.*

SHARES/DEPOSITS

- **Dividend/Interest Rates:** Report the rate paid on these credit union share accounts as of the last day of the reporting period. Input the actual rate (i.e. 6.5% = 6.5) except in situations where more than one rate applies. In this instance, use the most common rate according to the dollar volume of business. Report the rate even if the share program is no longer offered as long as the share program has outstanding member deposits as of the reporting date.
- **Deposit Account Sweeps Affecting Transaction and Non-transaction Accounts:** In an effort to reduce their reserve requirements, some credit unions have established sweep arrangements that involve transfers of member deposits between two sub-accounts. In a typical arrangement, a credit union creates a master account and two sub-accounts: a transaction sub-account (commonly a share draft account) which is subject to Regulation D reserve requirements, and a non-transaction sub-account (commonly a money market account) which is not subject to reserve requirements. Depending upon the balances in the two sub-accounts on a particular day, the credit union shifts funds from the transaction sub-account to the non-transaction sub-account or vice versa. The Call Report should reflect the position of the swept funds at the end of the reporting period, and should match reporting on the Federal Reserve form FR 2900.

Note that simply establishing a legal existence of two sub-accounts, without actually moving funds between sub-accounts accordingly, is not sufficient to report the relevant amounts as having been swept. Also, if a non-transaction (regular share) sub-account reaches the six withdrawal limit in the month or statement cycle, the entire remaining balance of the regular share sub-account must be shifted back to the transaction (share draft) account.

9. Share Drafts. Report the rate, number and dollar amount of credit union share drafts.

These examples are not all inclusive. Items required by accounting standards to be reported as direct adjustments to paid-in capital, retained earnings, or other non-income equity accounts are **not** to be included as components of comprehensive income.

MISCELLANEOUS INFORMATION

1. Most Recent Audit. Select the number which corresponds to the best description of the last annual audit performed of your credit union's records. Please see NCUA Rules and Regulations §715 for further information regarding audit classification. You must provide the effective date of this audit using a MM/YYYY format (i.e., 12/2001). The effective date is the end of the period covered by the audit, not the date the audit work was completed. **A state licensed person** refers to a certified public accountant or public accountant who is licensed by the State or jurisdiction where the credit union is principally located to perform accounting or auditing services for that credit union. The following explanations are provided for guidance:

- 1= **Financial statement audit** (also known as an "opinion audit") refers to an audit of the financial statements in accordance with GAAS by an independent person who is licensed by the appropriate State or jurisdiction. The objective of a financial statement audit is to express an opinion as to whether those financial statements of the credit union taken as a whole present fairly, in all material respects, the financial position and the results of its operations and its cash flows in conformity with GAAP, as defined herein, or regulatory accounting practices.
- 2= **Balance sheet audit** refers to the examination of a credit union's assets, liabilities, and equity under GAAS by an independent public accountant for the purpose of opining on the fairness of the presentation on the balance sheet. The opinion under this type of engagement would not address the fairness of the presentation of the credit union's income statement, statement of changes in equity (including comprehensive income), or statement of cash flows.
- 3= **Examinations of Internal Control over Call Reporting** refers to an engagement in which an independent, licensed, certified public accountant or public accountant, consistent with attestation standards, examines and reports on management's written assertions concerning the effectiveness of its internal control over financial reporting in its most recently filed semiannual or year-end Call Report, with a concentration in high risk areas.
- 4= **Supervisory Committee audit performed by state licensed persons** refers to an engagement in accordance with the procedures prescribed in NCUA's Supervisory Committee Guide performed by certified public accountant, public accountant, and other state licensed persons.
- 5= **Supervisory Committee audit performed by other external auditors** refers to an engagement in accordance with the procedures prescribed in NCUA's Supervisory Committee Guide performed by the league auditor, credit union auditor consultant, retired financial institutions examiner, and other qualified but not State-licensed persons. Qualified persons who are not State-licensed cannot provide assurance services under this subsection.
- 6= **Supervisory Committee audit performed by supervisory committee or designated staff** refers to an engagement in accordance with the procedures prescribed in NCUA's Supervisory Committee Guide performed by the supervisory committee or its internal auditor.

If your credit union has share and/or deposit insurance coverage in addition to the coverage provided by the National Credit Union Share Insurance Fund, answer this question "yes." If yes, provide the name of the insuring company and the total dollar amount of shares and/or deposits insured by this company.

DO NOT include Life Saving and Borrowers' Protection Insurance.

DO NOT include Surety Bond Coverage.

4. Number of Current Members. Report the number of credit union members. Report the actual number of members, not the number of accounts.

5. Number of Potential Members. Report the number of potential credit union members. Include current members in this estimate. The estimate of potential members must be reasonable and supportable. For example, if the credit union has a community (geographic-based) charter, use the most recent Census statistics for the area. If the credit union has an employment-based membership, use the most recent total employment figures for the company(s) and an estimate of the number of family members.

6. Number of Credit Union Employees.

6a. Full-Time Employees. Report the number of employees who work 26 hours or more per week.

6b. Part-Time Employees. Report the number of employees who work 25 hours or less per week.

Report the number of credit union service branch offices maintained by the credit union, regardless of the level of services provided or the number of hours open for business. If applicable, include the member service branch maintained at your headquarters' office. Do not include ATMs, shared branches, unattended kiosk locations, or branches your members have access through a service center or call center. All delinquent loans and leases include loans and leases reported by the credit union and serviced by outside processors (e.g., real estate, student loans, etc.).

- Do not include either:
 - 1) loans already written down to fair value (difference charged-off against ALLL) through a "decision to sell" and/or otherwise transferred to a "loans held for sale" (LHFS) classification; or
 - 2) loans that the credit union has already written down to the fair value (difference charged-off against ALLL) of the collateral (less costs to sell), e.g., collateral (including automobiles, equipment, boats, and similar property) transferred to Foreclosed and Repossessed Assets (See instructions for Foreclosed and Repossessed Assets on Page 13).

- Report troubled debt restructured (TDR) loans (defined in GAAP) as delinquent consistent with original loan contract terms until the borrower/member has demonstrated an ability to make timely and consecutive monthly payments over a six-month period consistent with restructured terms. Likewise, such loans may not be returned to full accrual status until the six-month consecutive payment requirement is met.

- **Note:** Not all restructured debt meets the definition of TDR. TDR loans are loans whose terms have been modified because the credit union, *for economic or legal reasons related to the debtor's financial difficulties*, grants a concession to the member debtor that it would not otherwise consider, providing for a reduction of either interest or principal. This concession either stems from an agreement between the credit union and the member debtor or is imposed by law or a court. A loan extended or renewed at a stated interest rate equal to the current interest rate for new debt with similar risk is not considered a TDR loan.

Credit unions may report unfunded credit card lines as of the end of their customers’ last monthly billing cycle prior to the report date or as of the report date.
- C. **Outstanding Letters of Credit.** Report the amount unfunded as of the report date of all financial standby letters of credit (and all legally binding commitments to issue financial standby letters of credit) issued by your credit union. 9. Federal Reserve Bank Discount Window, Application to Borrow. If your credit union has filed an application to borrow from the Federal Reserve Bank Discount Window, answer yes.

10. Federal Reserve Bank Discount Window, Pre-pledged Collateral. If your credit union has pre-pledged collateral with the Federal Reserve Bank Discount Window, answer yes. “Pre-pledged” collateral means that the credit union’s collateral has already been evaluated and accepted for immediate borrowing access.

INFORMATION SYSTEMS & TECHNOLOGY

1. System for Share and Loan Records. Select the number which corresponds to the best description of the system your credit union uses to maintain its share and loan records:

- 1= **Manual System (No Automation).** Manually (e.g. hand posting) post and track share and loan records.

- 2= **Vendor Supplied In-House System.** Vendor provides, and maintains, the software program(s) required to track member data. This type of product is also called "Turnkey" and in many cases is a complete accounting package (share, loan, general ledger, subsidiaries, teller operations, cash operations, etc.). In most cases, the credit union will install and maintain the hardware to run the software at its office(s). The vendor generally maintains control over software programming and provides updates, patches, fixes, and new releases on a regular or predetermined basis. In some cases, clients may request the vendor to customize the software for their particular needs.

- 3= **Vendor Online Service Bureau.** Hardware and software systems reside at the vendor's location with the exception of those systems a credit union requires in order to access and transmit data to the vendor. Most, if not all, data processing occurs at the vendor's site. Service bureau vendors generally provide reports (paper, electronic, microfiche, or other) on a regular basis. Connection is made to a service bureau through dial-up connections, private lines, the Internet, frame relay, or other WAN services. The service provided may be real-time (transaction post upon data entry) or batch processing (data is accumulated throughout a predetermined time period and then transmitted to the vendor for processing at predetermined intervals).

- 4= **CU Developed In-House System.** The credit union developed, and generally maintains, the software onsite. The credit union has responsibility for the hardware and software systems. Generally, in-house developed credit unions will maintain a data center (data processing department) staffed with hardware and software personnel.

- 5= **Other.** Any other system that does not fit into one of the previous categories. Note: Most systems will fit into one of the categories.

2. Name of Information Processing Vendor (Share and Loan Records). If applicable, provide the name of your credit union's primary share and loan information processing vendor.

3. Data Processing Conversion. Indicate whether your credit union has undergone a data processing conversion in the past 6 months or expects to undergo a data processing conversion within the next 12 months.

4. Electronic Financial Services Access. Select the methods by which members may access and/or perform electronic financial services.

- **Home Banking Via Internet Website:** Members access services via the web/internet. Generally, members use a web browser to access services.
- **Wireless:** Members access services via a wireless device such as cell phone, personal data assistant (PDA), etc.
- **Home Banking Via Direct Dial-Up/PC Based:** Member access services via a home banking computer program. Generally, members use their computer to dial up the credit union and use the credit union supplied computer program to access services. The software would reside on the member's computer requiring a modem to gain access. The connection is not made through the Internet.
- **Audio Response:** Members use an audio response system to access services. Generally, this type of system is phone based.
- **Automatic Teller Machines:** Members access services via an ATM network.
- **Kiosk:** Members access services via a kiosk.
- **Other:** Members access services via a method not in the list.

5. Electronic Services. Select the services that members may perform using one or more of the electronic means listed in #4. Descriptions are provided for the following services which may not be self-explanatory:

- **Electronic Cash:** Services to transfer monetary values ("electronic cash") that can be stored on a variety of media including a personal computer, plastic card, or other device that has a computer chip or magnetic strip. Debit, ATM or credit cards are not electronic cash.
- **Account aggregation:** Service to present account information from many websites in a consolidated format.
- **Internet Access Services:** Service to provide members with access to the Internet.
- **Electronic Signature Authentication/Certification:** Service to verify identify and certify related electronic signatures.

6. World Wide Website Address. If your credit union has a World Wide Website address, please provide it. Please do not include the "http://" part of your entry. If your credit union does not have a World Wide Website, skip to question #12.

7. World Wide Website Type. Select the type that best describes the degree of information and/or services you offer online:

- 1= **Informational:** Displays general information such as loan/share rates, printable forms, credit union contact information, privacy notice, etc; or,
- 2= **Interactive:** Members can complete membership and loan applications, apply for new share accounts, transmit requests for information such as share balances, loan balances, account statements, disclosure statements, etc as well as informational; or,
- 3= **Transactional:** Members can initiate or perform transactions such as paying bills, making loan payments, transferring money (between one or more credit union accounts or between the credit union and 3rd parties) as well as interactive and informational.

8. Transactional Website Usage. Report the number of members (not the number of transactions) using your transactional website. Do not answer this question if your website is not a transactional type website.

9. Transactional Website Vendor. If your credit union has a transactional website, please provide the name of the primary vendor used to enable such services (i.e. the electronic home banking application service provider). This may not necessarily be the same vendor who provides the credit union's share and loan system, physically hosts the web server which runs the website, or provides the access to the Internet.

10. Future Website. If you have a website, skip this question. If you do not have a website, please indicate if you intend to add one in the future.

- a. If you don't have a website but plan to add one (i.e. question #10 is Yes), please state, in the number of months, you expect to create your website and post it to the World Wide Web.
- b. If you don't have a website but plan to add one (i.e. question #10 is Yes), please state the type of website you plan to create (for a description of website types, see #7 above).

11. Internet Access. If you can access the internet from any computer located at the credit union, answer yes to this question.

12. FedLine Access. If you have a FedWire terminal obtained through the Federal Reserve system on the premises of the credit union, answer yes to this question. Do NOT answer yes if you use any other wire transfer request system (such as a web based wire transfer request system provided by a corporate credit union) to conduct wire transfers.

13. Originating Depository Financial Institution. An Originating Depository Financial Institution (ODFI) receives payment instructions from the originator (party originating ACH transaction) and forwards the entries to the ACH Operator (Federal Reserve Bank or Electronic Payments Network). Answer yes to this question if you are an ODFI.

14. Receiving Depository Financial Institution. A Receiving Depository Financial Institution (RDFI) receives ACH entries from the ACH Operator and posts the entries to member accounts or its own accounts. Answer yes to this question if you are an RDFI.

PCA NET WORTH CALCULATION WORKSHEET

No credit union is required to provide input on this page unless the credit union intends to use an optional Total Assets Election to compute its new worth ratio.

At its discretion, a credit union may elect a measure of total assets for its net worth denominator other than quarter-end total assets. If the credit union decides to use one of these Total Assets Elections it must input this amount in either line 9, 10 or 11 as appropriate. Otherwise, the PCA Net Worth Calculation Worksheet will compute the credit union's net worth ratio and resulting net worth classification using quarter-end total assets from line 8. (Please see NCUA Rules and Regulations §702.2 (k) for further information regarding total assets.)

All Credit Unions. This worksheet provides a means of measuring the net worth ratio. All credit unions must determine their net worth category at the end of each calendar quarter by measuring their net worth ratio. (See NCUA Rules and Regulations §702.101)

Credit unions with Assets Greater than \$10,000,000. In addition to measuring a net worth ratio, credit unions with assets greater than \$10 million must also review their Risk Based Net Worth (RBNW) Calculation Requirement.

Line 13a of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the Standard Components.

Line 13b of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the Alternative Components of Section 702.107 of the NCUA Rules and Regulations.

Manual Call Report Filers. Manual Call Report filers may leave the PCA Net Worth Calculation Worksheet blank, use it to select an optional total assets election, or use it as a manual net worth calculation worksheet. NCUA will compute the Net Worth Ratio and RBNW Requirement Calculation for manual Call Report filers with the information entered on the Call Report.

STANDARD COMPONENTS OF RISK BASED NET WORTH (RBNW)
REQUIREMENT

No credit union is required to provide input on this page. NCUA provides the Standard Components of Risk Based Net Worth (RBNW) Requirement worksheet to demonstrate the underlying source information of the RBNW requirement. NCUA provides this for your information only.

Credit unions with Assets Greater than \$10,000,000. In addition to measuring a net worth ratio, credit unions with assets greater than \$10 million must also review their Risk Based Net Worth (RBNW) Calculation Requirement. Line 13 of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the standard components.

Manual Call Report Filers. NCUA will compute the RBNW Requirement Calculation for manual Call Report filers with the information entered on previous pages of the Call Report.

SCHEDULE A – SPECIALIZED LENDING

SECTION 1 – INDIRECT AND PARTICIPATION LOANS

INDIRECT LOANS

An indirect loan is a loan made by a credit union through a third party vendor that facilitates the financing arrangement. The credit union is responsible for making the underwriting decision and the loan is immediately assigned to the credit union after being made.

1a. Indirect Loans – Point of Sale Arrangement. Report the number and dollar amount of outstanding indirect loans made by the credit union by contracting directly with a merchant. In this case, the credit union partners with a merchant to originate loans at the point of sale. A direct agreement between an auto dealer and a credit union is an example of an indirect loan made at the point of sale.

1b. Indirect Loans – Outsourced Lending Relationship. Report the number and dollar amount of outstanding indirect loans made by the credit union by contracting with a third party vendor other than the merchant providing the product. In this case, the credit union does not directly contract with the merchant. The third party vendor receives compensation for facilitating loan origination.

PARTICIPATION LOANS

2a. Participation Loans Outstanding. Report the total number and dollar amount of the credit union's portion of outstanding participation loans purchased and originated. Do not report those portions that are held by other lenders.

2b. Participation Loans Purchased Year-to-Date. Report the number and dollar amount of the credit union's portion of all participation loans purchased year-to-date whether or not the credit union is holding a current outstanding balance.

SECTION 2 – REAL ESTATE LOANS AND LINES OF CREDIT

Real Estate Loans/Lines of Credit. For each type loan/line of credit listed, provide the number of loans/lines of credit outstanding, the aggregate amount of loans/lines of credit outstanding, the number of loans/lines of credit granted year-to-date and the dollar amount of loans/lines of credit

granted year-to-date. The number of loans/lines outstanding should **not** include those with no balance or those loans reported as loans held for sale. The number and dollar amount of loans/lines of credit granted should include any real estate loans sold on the secondary market or those classified as loans held for sale along with loans held in the current loan portfolio. Count each line of credit as a single loan granted if one or more advances were made on that line year-to-date.

FIRST MORTGAGE LOANS

Report those loans where the original interest rate remains fixed for GREATER THAN 5 years.

5b. Balloon/Hybrid 5 Years or Less. Report information for loans listed on page 2, line 19 that have a balloon feature or convert to an adjustable rate loan after a predefined period of time (e.g., a loan may be fixed for 3 years and then convert to a 1 year adjustable rate thereafter). Report those loans where the original interest rate remains fixed for 5 years or less.

7. Adjustable Rate 1 Year or Less. Report loans listed on page 2, line 19 that call for the periodic adjustment of the interest rate charged. The interest rate must reset on an annual or more frequent basis.

8. Adjustable Rate > 1 Year. Report loans listed on page 2, line 19 that call for the periodic adjustment of the interest rate charged. The interest rate must reset on a periodic basis greater than one year.

A Mortgage Servicing Asset is a contract to service loans under which the estimated “benefits of servicing” (i.e., revenues from contractually specified servicing fees, late charges, and other ancillary sources including “float”) are expected to more than adequately compensate the servicer for performing the servicing. A servicing

contract is either (a) undertaken in conjunction with selling or securitizing the loan being serviced or (b) purchased or assumed separately. Not all servicing contracts result in a servicing asset.

SECTION 3 – BUSINESS LOANS

This report should include information concerning business loans as defined by Part 723 of the NCUA Rules and Regulations. A member business loan generally includes any loan, line of credit, or letter of credit (including unfunded commitments) where the borrower uses the proceeds for commercial, corporate or other business investment property or venture, or agricultural purposes. However, loans which meet one or more of the following exceptions are not member business loans:

- A loan fully secured by a lien on a 1- to 4-family dwelling that is the member's primary residence;
- A loan fully secured by shares in the credit union or deposits in other financial institutions;
- Loan(s) to a member or an associated member which, when the net member business loan balances are added together, are equal to less than \$50,000;
- A loan where a federal or state agency (or its political subdivision) fully insures repayment, fully guarantees repayment, or provides an advance commitment to purchase in full; or
- Loans to credit unions and credit union service organizations.

For purposes of Part 723, a loan purchase or participation interest in a nonmember business loan must meet the member business loan requirements as if made to a member. These loans do not count against the credit union's regulatory aggregate member business loan limit unless the borrower is also a member. However, the credit union must receive approval from the NCUA regional director before the total of the credit union's net member business loan balances and the nonmember loan balances exceed the lesser of 1.75 times the credit union's net worth or 12.25% of total assets.

Net Member Business Loan Balance (NMBLB). Means the outstanding loan balance plus any unfunded commitments, reduced by any portion of the loan that is secured by shares in the credit union, or by shares or deposits in other financial institutions, or by a lien on the member's primary residence, or insured or guaranteed by any agency of the federal government, a state or any political subdivision of such state, or subject to an advance commitment to purchase by any agency of the federal government, a state or any political subdivision of such state, or sold as a participation interest without recourse and qualifying for sales accounting under generally accepted accounting principles. The NMBLB applies to both member and nonmember loans and participations.

Examples for reporting Member Business Loans on line 20-21 and lines 29-31 of this schedule.

If a member has \$35,000 in business purpose loans and the credit union grants this member an additional \$40,000 in business purpose loans, the credit union should report the additional \$40,000 on lines 20-21 as a Member Business Loan. If the credit union has total assets exceeding \$10,000,000, the credit union would also report the \$40,000 on lines 29-31 for the purpose of calculating the Risk Based Net Worth requirement. Also, in this case, the credit union must comply with all of the requirements of Part 723 of NCUA's Rules and Regulations in making this loan because the loan caused the aggregate amount of business purpose loans to the member to exceed the \$50,000 threshold in RR 723.1(b)(3). (Federal Register / Vol. 68, No. 190)

If, in the case above, the member subsequently pays down the \$35,000 business purpose loan to \$15,000 and the \$40,000 business loan to \$34,000, making the aggregate total business purpose loans \$49,000, the credit union is not required to list any of these loans on lines 20-21 as Member Business Loans since the new aggregate loan total is \$49,000 and is now below the \$50,000 threshold in Section 723.1(b)(3) of NCUA's Rules and Regulations. However, if the credit union has assets exceeding \$10,000,000, the credit union is required to report the \$34,000 member business purpose loan on lines 29-31 for the purpose of calculating the Risk Based Net Worth (RBNW). For RBNW reporting requirements, the outstanding loan balance of any loan and participation that **ever** met the definition of a member business loan (e.g., at origination or at time of purchase) must be reported on lines 29-31 in the Risked Based Net Worth section for credit unions with assets greater than \$10 million.

20. Member Business Loans. Report the total count and NMBLB amount of any loan or participation to a member.

- For each type of member business loan listed, provide the number of loans outstanding, the aggregate NMBLB amount of loans outstanding, the number of loans granted or purchased year-to-date, and the NMBLB amount of loans granted or purchased year-to-date. For participation loans, report the NMBLB amount of the portion that remains on the credit union's balance sheet.
- Include any unfunded commitments with these reported figures unless otherwise noted in the instructions.
- For loans held for sale, report only the number of loans granted or purchased year-to-date and the aggregate NMBLB amount of loans granted or purchased year-to-date.

21. Purchased business loans or participation interests to nonmembers. Report the total count and NMBLB amount resulting from a purchase of any nonmember business loan or participation interest qualifying for sales accounting.

MISCELLANEOUS BUSINESS LOANS INFORMATION

22. Construction and Development Loans. Report the total count and NMBLB amount of any loan or participation reported in line 20 and 21 for the purpose of acquisition of property or rights to property. This includes land or structure loans made with the intent of conversion into an income producing property such as residential housing for rental or sale, commercial or industrial use, or similar use. **Exclude** any loan made to finance the construction of a single-family residence if a prospective homeowner has contracted to purchase the property or a loan to finance the construction of one single-family residence per member-borrower or group of associated member-borrowers, irrespective of the existence of a contractual commitment from a prospective homeowner to purchase the property.

23. Unsecured Business Loans. Report the total count and outstanding member business loan balance of any unsecured loan or participation reported in lines 20 and 21 excluding credit card line of credit programs offered to non-natural person members that are limited to routine purposes normally made available under those programs. Do not include unfunded commitments.

24. Purchased business loans or participation interests to members. Report the total count and NMBLB amount of any purchased member business loan or participation interest reported in line 20 qualifying for sales accounting.

25. Agricultural Related Loans. Report the total count and NMBLB amount of any loan or participation reported in lines 20 and 21 made for the purpose of agriculture or farm related equipment, land, seed, fertilizer, services and similar purpose. This includes both operating and capital loans.

26. Portion of Real Estate Loans included on page 13 line 14 which are also reported as business loans on lines 20 and 21. Report the outstanding portion of any loan contained in line 14 that is also reported in the Net Member Business Loan Balance(s) (NMBLB) reported on lines 20 and 21. Do not include balances excluded from the NMBLB such as the portion secured by a lien on a member's primary residence.

27. Business Loans and Participations sold Year-to-Date. Report the total count and dollar amount of any business loan or participation interest sold year-to-date qualifying for sales accounting under generally accepted accounting principles.

28. Small Business Administration Loans Outstanding. Report the total count and outstanding amount of any loan granted under a Small Business Administration loan program.

RISK BASED NET WORTH (RBNW) -credit unions with assets greater than \$10,000,000

For purposes of Part 702 (RBNW), the amount reported in this section differs from the calculated NMBLB reported in lines 20 and 21 and must include the portion of loan balances secured by the following:

- By shares in the credit union, or by shares or deposits in other financial institutions;
- By a lien on the member's primary residence;

- Insured or guaranteed by any agency of the federal government, a state or any political subdivision of such state; or
- Subject to an advance commitment to purchase by any agency of the federal government, a state or any political subdivision of such state.

Note: Loans that are fully guaranteed by a federal or state agency are not considered member business loans, and would not be reported on lines 20-21. However, if the loan is partially guaranteed (such as SBA loans), the portion that is partially guaranteed is excluded from the regulatory net business loan balance but included for RBNW purposes. The loan must meet the regulatory \$50,000 threshold before it is reported as a member business loan, or reported for RBNW purposes. Once a loan is deemed to be a member business loan, the outstanding balance of the member business loan (including any guaranteed portions) must be risk-weighted until the loan is paid off. (NCUA RR Part 702).

For purposes of Part 702 (RBNW), purchased business loans or participations to nonmembers are treated the same as a member business loan.

29. Loans and participation interests qualifying for RBNW.

Report the outstanding loan balances of any loan and participation that meets the definition of a member business loan at origination or at time of purchase.

Include member business loans transferred with contractual recourse. These are loans or portions of loans which do not qualify for sales accounting under generally accepted accounting principles. Do not include unfunded commitments. Report unfunded commitments on line 30.

30. Unfunded commitments for business loans and participation interests qualifying for RBNW. Report the unfunded portions of commitments to extend credit for any loan reported in line 29.

31. Amount of Real Estate Loans included in line 14 also reported as loans and participation interests qualifying for RBNW on line 29 above. Report the outstanding balance of any loan contained in line 14 of page 13 which has ever qualified as a business loan regardless of whether the loan is presently classified as a business loan.

If your credit union has investments in or loans to more than one CUSO, complete a separate line of information for each CUSO.

2. ACCOUNTING ISSUES

- A. **If your credit union wholly-owns the CUSO or owns a “controlling financial interest” (assumed at ownership of 50% or more of the voting stock),** the CUSO’s books and records should be consolidated with your credit union’s books and records (as if the two were one entity) for reporting on pages 1, 2, 3, 4, and 5 of the call report.
- B. **If your credit union has “ability to exert significant influence” over operations of the CUSO (assumed at ownership of 20% or more but less than 50% of the voting stock of the CUSO),** the credit union’s investment in the CUSO should be reflected in its books and records using the equity method of accounting.
- C. **If your credit union owns less than 20% of the voting stock of the CUSO,** the credit union should account for its CUSO investment using the cost method of accounting.

3. INSTRUCTIONS FOR SCHEDULE COLUMN HEADINGS

- A. **Name of CUSO – (Accounts 830A thru T).** Report the full/legal name of the CUSO.
- B. **Value of Investment in CUSO (Accounts 831A through T).** Report the amount that represents the unimpaired value of the credit union’s CUSO investment as measured under generally accepted accounting principles on an unconsolidated basis. The amount reported should be measured either under:
- the cost method (ownership of less than 20% voting common stock), or
 - the equity method (ownership of 20% or more voting common stock).
- C. **Amount Loaned to CUSO (Accounts 832A through T).** Report the amount of outstanding loan balance(s), available line(s) of credit from the credit union, and/or guarantee(s) the credit union has made to or on behalf of the CUSO.
- D. **Ownership of CUSO (Accounts 833A through T).** Answer either YES or NO as to the ownership question following the guidance provided in the footnote labeled by the double asterisk.

- E. **Type of Service Provided (Accounts 834A through T)**. Report the predominate service offered by the CUSO following the guidance provided in the footnote labeled by the triple asterisk.
- F. **Accounting for CUSO Investment (Accounts 837A through T)**. Report how your investment in the CUSO is accounted for on the credit union's financial statements following the guidance provided in the footnote labeled by the quadruple asterisk. Also, refer to Section 2 above (Accounting Issues).
- G. **Aggregate Cash Outlay (Accounts 836A through T)**. Report the aggregate cash outlay invested in the CUSO that is not impaired by sustained losses unrecoverable in the reasonable near term. "Aggregate cash outlay" means the aggregate amount of cash paid out by the credit union to acquire an ownership interest in the CUSO. Credit unions required under GAAP to report their investment in a CUSO on the equity basis are not penalized for exceeding their "investment in and loans to" CUSO limit as a result of the CUSO operating profitably and the value of the investment increasing. Unimpaired aggregate cash outlay is the means by which the regulatory limitation is measured.
