

CREDIT UNION DATA SUMMARY 2017 Q4

## Changes to Quarterly Credit Union Data Summary

Starting with the quarter ending Sept. 30, 2017, data available from the Call Report began to reflect changes made necessary by the member business loan rule that took effect in January 2017. The change was part of NCUA's Regulatory Modernization Initiative.

The NCUA Board amended the MBL rule to give federally insured credit unions greater flexibility and individual autonomy to safely and soundly provide commercial and business loans to serve their members. The revised rule replaced prescriptive requirements and limitations-such as collateral and security requirements, equity requirements, and loan limits - with a broad principles-based regulatory approach. One immediate result was the elimination of the MBL waiver process, which is no longer needed under a principles-based rule.

The new rule required changes to the member business accounts in the Call Report. Starting with the 2017Q3 Call Report, almost all MBL accounts were deleted and replaced with new commercial loan accounts. A commercial loan is defined as:

Any loan, line of credit, or letter of credit (including any unfunded commitments), and any interest a credit union obtains in such loans made by another lender, to individuals, sole proprietorships, partnerships, corporations, or other business enterprises for commercial, industrial, agricultural, or professional purposes, but not for personal expenditure purposes. ${ }^{1}$

Some loans that might otherwise be classified as commercial - not for personal expenditure purposes - are not included in the commercial loans definition. These are:

- Loans made by a corporate credit union;
- Loans made by a federally insured credit union to another federally insured credit union;
- Loans made by a federally insured credit union to a credit union service organization;
- Loans secured by a 1- to 4-family residential property (whether or not it is the borrower's primary residence);
- Loans fully secured by shares in the credit union making the extension of credit or deposits in other financial institutions;
- Loans secured by a vehicle manufactured for household use; and
- Loans that would otherwise meet the definition of commercial loan and which, when the aggregate outstanding balances plus unfunded commitments less any portion secured by shares in the credit union to a borrower or an associated borrower, are equal to less than $\$ 50,000$.

In Call Reports prior to the Sept. 30, 2017 version, member business loans (acct_400T) included member (acct_400A) and non-member (acct_400B) business loans plus unfunded commitments. The Call Report continues to collect selected MBL-related accounts, which are necessary to comply with the Federal Credit Union Act. Account 400A was specifically carried over to capture total MBLs for measuring against the statutory cap. Beginning with the Sept. 30,2017 Call Report, account 400A is labeled "Total member business loans - Net member business loan balance (NMBLB)." (Refer to NCUA 5300 Call Report instructions for information on other MBL-related accounts.)

While there are conceptual similarities between MBLs and commercial loans, because they are defined differently, it is inappropriate to directly compare previous MBL accounts with new commercial loan accounts. The 2017Q4 Quarterly Credit Union Data Summary reflects this by showing MBL and commercial loan data separately.

[^0]
## Changes to Quarterly Credit Union Data Summary cont.

The changes described above primarily affect the loan section of the balance sheet tables in the Quarterly Credit Union Data Summary, beginning with the release of the 2017Q3 data:

- Commercial loans, year-to-date, at an annual rate and the commercial loan delinquency rate appear in the Summary Credit Union Data table on page one. Commercial loans, including unfunded commitments are included in the loan section of the Balance Sheet on pages four and five. Each of these data series begins in 2017Q3; data before 2017Q3 are not available.
- Historical data on member business loans and the member business loan delinquency rate are also included in these tables. For all MBL variables, the final quarter of data is 2017Q2; MBL variables will remain in the loan section of the balance sheet through 2017Q4. Starting in 2018Q1, MBLs will no longer be included in the loan section of the balance sheet, though the MBL account required for statutory purposes will appear in a separate Addenda item on the balance sheet tables to allow for historical comparisons.
- Due to changes to the Call Report resulting from the new MBL rule, a new variable, long-term assets, percent of assets, has replaced net long-term assets, percent of assets. Long-term assets represents the sum of real estate fixed rate first mortgages and investments greater than three years.

The table on page seven previews upcoming changes to the Quarterly Credit Union Data Summary that will take effect with the release of the 2018 Q 1 data.

- With the release of the 2018Q1 Call Report, three new real estate loan variables will be added to the loan section of the balance sheet tables in the Quarterly Credit Union Data Summary. These new variables are loans secured by 1-4 family residential properties, loans secured by 1-4 family residential properties, secured by first lien, and loans secured by 1-4 family residential properties, secured by junior lien.
- Two new commercial loan variables will also be added to the loan section of the balance sheet: commercial loans secured by real estate and commercial loans not secured by real estate.
- Real estate loans and real estate fixed rate, first mortgage loans will remain in the loan section of the balance sheet tables through 2017Q4. Beginning in 2018Q1, they will be replaced by the three new real estate loan variables described above. These two accounts will still be shown as separate Addenda items at the bottom of the balance sheet tables to allow for historical comparisons.
- Net member business loan balance for regulatory reporting, Part 723 (account 400A), will also be reported as a separate Addenda item. This series extends back to 2004Q1.

For additional information on these new loan categories, see NCUA 5300 Call Report Instructions, effective Sept. 30, 2017, at https://www.ncua.gov/regulation-supervision/Pages/documents/call-report-instructions-9302017.pdf.

For more information on the new MBL rule, see National Credit Union Administration, 12 CFR Parts 701, 723, and 741 Member Business Loans; Commercial Lending; Final Rule in Federal Register, Vol. 81, No. 49, Monday, March 14, 2016, Rules and Regulations, page 13530.
