EXECUTIVE SUMMARY: MISSION

Created by the United States Congress in 1970, the NCUA is the independent federal agency that insures deposits at federally insured credit unions, protects the members who own credit unions, and charters and regulates federal credit unions. The NCUA manages the National Credit Union Share Insurance Fund (NCUSIF), which is backed by the full faith and credit of the United States and insures the deposits of the account holders in all federal credit unions and most state-chartered credit unions. The agency's mission is to protect the system of cooperative credit and its member-owners through effective chartering, supervision, regulation, and insurance. The NCUA seeks to achieve this mission through a system of examination, supervision, and risk assessment. The agency strives to recruit and retain a highly qualified and diverse workforce to carry out this mission.

EXECUTIVE SUMMARY: ACCOMPLISHMENTS

Accomplishments

Policy Statements

NCUA Chairman Todd M. Harper confirmed his commitment to equal employment opportunity, diversity, inclusion, and belonging by issuing new policy statements to all NCUA employees in 2021. Chairman Harper also expanded the breadth of the diversity and inclusion statement to include belonging. This resulted in the agency and OMWI placing a greater emphasis on intentionally ensuring employees feel included, seen, heard, and valued to promote a broader sense of belonging within the agency.

Culture, Diversity, and Inclusion Council

The agency's Culture, Diversity, and Inclusion Council (CDI Council) includes employee representatives at all levels (for example, executives, supervisors, and non-supervisors from multiple grade levels) and a diverse spectrum of functional areas (such as the examination program, legal, human resources, and technology). In addition, members are comprised of a cross-section of the agency's staff representing different types of diversity (including race, ethnicity, gender, age, sexual orientation, disability, veteran status, and experience). A National Treasury Employees Union representative is also a member. In addition, CDI Council membership includes up to eight presidents of the agency's employee resource groups.

The goals of the Council are to identify and advance a positive, high performing organizational culture that will allow the agency to achieve its mission; support the agency's strategic goal of attracting, engaging and retaining a highly skilled, diverse workforce and cultivating an inclusive environment; and assist and advise leadership on implementation of strategic diversity and inclusion priorities.

Employee Resource Group Network

The NCUA's ERG network continued to evolve while adapting to challenges posed by the COVID-19 pandemic. In 2021, ERGs continued to serve as a bridge connecting group members and other NCUA employees by providing resources, coordinating special presentations, and creating a support system to help navigate the vast changes brought about by the pandemic.

ERGs reported 293 employees are members of one or more groups representing 25.4 percent of NCUA employees. This continues to position the agency well above the industry-standard ERG membership goal of 10 percent of an organization's total workforce. In addition to providing essential tools and support to members, the NCUA's ERGs successfully engaged employees in more than 40 initiatives designed to provide professional development, encourage networking, and spur employee retention. The NCUA's ERGs continue to contribute in meaningful ways to foster a more inclusive work environment for all employees.

Impact Framework

To guide the overall structure, effectiveness, and impact of ERGs, the NCUA follows the 4C model™, a comprehensive assessment and alignment strategy. The 4C model focuses on four key elements vital to ERGs' success:

- **Career:** Help members enhance their careers through strong professional development efforts and serve as a talent engine for the organization.
- **Commerce:** Assist ERGs in developing initiatives and efforts to drive business results.
- **Culture:** Have a positive impact on members by enhancing their sense of a common bond through shared identity or interests.
- **Community:** Help members identify initiatives aimed at community outreach and collaborating with others.

These elements allow ERGs to plan and execute their activities and assess the current state, effectiveness, and impact of their work, while supporting the agency's diversity and inclusion strategic goals.

NCUA's Employee Resource Groups:

APIC: Asian Pacific Islander Connection (25 members) This group's mission is to promote cultural awareness to foster a sense of

EXECUTIVE SUMMARY: ACCOMPLISHMENTS

community among Asian American and Pacific Islander employees and understanding and appreciation of the Asian American and Pacific Islander culture by all NCUA colleagues. The group seeks to help open more career development and professional opportunities for Asian Americans and Pacific Islanders within the NCUA's ranks and leadership positions.

CULTURA: Creating Unity, Learning to Understand, Recognizing All (67 members) CULTURA is the Hispanic and Latino employee resource group. CULTURA's goals include fostering a diverse and inclusive workforce by developing Latino leadership; bridging the connection between field and support staff; providing professional and career development opportunities; building cultural awareness; and supporting retention of Latino employees.

MPower: Employees with Disabilities (30 members) MPower's mission is to recognize and increase awareness and acceptance of employees who have a disability and those who have a family member or other loved ones who have disabilities (temporary or permanent). The group seeks to promote a supportive and accepting environment, provide assistance in achieving and celebrating the full inclusion of all employees and enhance understanding and awareness of the benefits that diversity brings to build and sustain a strong and thriving workforce.

NCUA PRIDE: People Recognizing Individual Differences Equally (46 members) NCUA PRIDE is the agency's group supporting the LGBTQ+ community. The resource group is committed to providing a safe and supportive environment for members, providing LGBTQ+-relevant informational resources, supporting members' career development, serving as an advocate to help the NCUA become more LGBTQ+-inclusive, and supporting outreach efforts both within and outside the agency.

SWAN: Supporting Women At NCUA (100 members) SWAN's purpose is to support and expand networking, educational, and outreach programs that emphasize the personal and professional development of women through expanded cultural awareness, educational events, and mentoring.

Umoja: Unity (89 members) Recognizing a common African ancestry, this ERG embraces the principle of Umoja or unity through connectivity and community by intentionally including all employees desiring to increase awareness and respect for differences, pursue opportunities for innovation and change, and align with others to build and sustain a thriving workforce.

VANS: Veterans At NCUA Serving (60 members) This ERG is for employees who have served in the military or those who support the nation's veterans. The group's mission is to leverage military experiences, share creative solutions, develop camaraderie, and enhance the mission of the NCUA among all employees, with special emphasis on the military and veteran culture.

Program Support

Continued support from OMWI helped ERGs thrive and grow. This included:

- Consulting during new ERG formation and planning;
- Connecting individual groups and subject matter experts for special projects;
- Ongoing maintenance of ERG intranet sites to make program promotion and documentation consistent and accessible across groups;
- Assisting in logistics and funding for kickoff events and ongoing efforts;
- Assisting in developing Diversity and Inclusion Plans for each group and identifying appropriate metrics;
- Expanding ERG program visibility through coordination of posts about ERG members' experiences on the NCUA's social medial platforms (Facebook and LinkedIn).

- Engaging in quarterly check-ins with ERGs to identify challenges and areas of opportunity; and
- Providing quarterly updates and regular meetings with executive sponsors and officers to discuss activities, requests, and additional support.

Special Emphasis Program

The NCUA's Special Emphasis Program (SEP) is a significant component of the agency's effort to build inclusion and understanding. SEP activities supported the following 2018–2022 Diversity and Inclusion Strategic Plan goals:

- Workforce diversity: Sustain a skilled, highly engaged, and diverse workforce at all levels, including leadership (goal 1).
- Inclusion: Cultivate an inclusive workplace where employees' unique talents, skills, and perspectives are valued and leveraged (goal 2).

SEP activities included eight annual observances to provide employees the opportunity to appreciate diversity through activities geared toward raising awareness, highlighting achievements, increasing knowledge, and addressing any identified barriers to the full employment and inclusion of all NCUA employees. Commemorative activities conducted for these observances were educational and employment related.

For each observance, OMWI hosted an event that featured a guest speaker who provided a presentation on their experiences and insights into how to be more intentionally inclusive in the workplace. Topics covered in 2021 included:

EXECUTIVE SUMMARY: ACCOMPLISHMENTS

- Historic events and lessons learned;
- Diversity, equity, and inclusion efforts;
- Career development, retention, and recruitment efforts; and
- Cultural educational resources.

These events were supported by the agency’s ERGs. ERG members developed observance-related newsletters, highlighted diverse employees on social media and the agency’s intranet, and provided educational presentations and resources in alignment with each commemoration.

OMWI Talks

Since 2017, the NCUA has hosted a series of informal, facilitated, and open discussions about sensitive, diversity related topics. These conversations, OMWI Talks, give employees a safe space to discuss differences, broaden awareness and understanding of others, and learn how to manage the challenges diversity can create in the workplace.

In 2021, OMWI continued the series with monthly conversations to address financial disparity, gender disparity, racism, and other relevant topics. Each event attracted more than 200 participants and was facilitated by a member of the NCUA’s senior leadership team including the Board Chairman, the chief of staff, and the executive director. The NCUA will continue to host OMWI Talks in 2022.

VIBE

VIBE is an ongoing campaign to improve the NCUA’s culture by encouraging employees to make a conscious, deliberate effort to adopt inclusive behaviors and habits. VIBE launched in early 2018 and continues to play a role in creating a sense of belonging among NCUA employees. The initiative focuses on four specific behaviors that help create a greater sense of inclusion and belonging among the agency’s employees:

- Value differences;
- Intentionally include;
- Break biases; and
- Embrace change.

In 2021, VIBE included two leadership panels that featured NCUA leaders who discussed the value of diverse perspectives and the importance of including diverse employees. The first panel was moderated by the Deputy Executive Director and included the agency’s chief of staff and senior advisors for each Board Member.

The second panel included the presidents of four of the NCUA’s seven ERGs and was moderated by the executive sponsor for one additional group. The VIBE campaign also included a monthly newsletter to highlight events and activities related to diversity and inclusion in the workplace. The newsletter also featured educational articles and videos, reminders about equal employment opportunity and supplier diversity, and more.

Diversity and Inclusion Award

The NCUA created a Diversity and Inclusion “Of the Year” award in 2017, presenting it for the first time in 2018. The award honors individuals or groups who have demonstrated respect and value for differing backgrounds and points of view in the NCUA and the credit

EXECUTIVE SUMMARY: ACCOMPLISHMENTS

union system, and for supporting, leading, or enhancing the NCUA’s diversity and inclusion efforts.

In 2021, the agency granted its fourth award to recognize an NCUA employee who exhibited an outstanding commitment to diversity and inclusion. The 2021 honoree led diversity and inclusion efforts as President of Umoja, an ERG that strives for unity within the NCUA. She developed initiatives to increase awareness and growth in diversity and inclusion for members of multiple ERGs. In addition, the recipient developed newsletters, coordinated panel discussions, and facilitated conversations with NCUA Board members to promote diversity and inclusion with a broader audience of NCUA employees. As a result of her efforts, NCUA employees had access to networking opportunities, coaching, advice, and overall assistance.

Mentor Program

In 2021, the NCUA enhanced its formal mentor program, which was established in 2016. The enhanced program offers improvements over the previous program, including:

- Addition of a web-based portal, application, and matching process;
- Availability of support staff for OMWI program manager and program participants; and
- Extensive online library of resources to help mentors and mentees address frequent questions or challenging situations.

The 2021 program included 26 mentoring pairs. Mentorship programs are a proven diversity and inclusion best practice. Some of the benefits participants gain in the formal mentorship program are:

- Accelerated learning about NCUA’s culture and operations;
- Stronger professional relationships that support career development;
- A broader organizational perspective; and
- More fully developed talent and potential.

Employee Engagement

The NCUA began developing Employee Engagement Action Plans in 2018 to help the agency strengthen its workforce; grow and develop the leadership competencies in employees throughout the agency; and ensure the ability to attract, develop, manage, and retain the best workforce possible to meet the agency’s needs. The plan established several overall goals for the agency, and each NCUA office annually develops a specific Workforce Engagement Action Plan using the results of the FEVS. The Office of Human Resources tracks agency progress and works with agency leadership and engagement champions to modify the NCUA Engagement Plan based on survey results and analysis of the results. Annually each office submits an engagement accomplishment report, which outlines the efforts and achievements throughout the year. It also identifies areas where the office improved from the previous year and specific promising and best practices. The Office of the Executive Director and OHR meet with each office individually to discuss engagement and the FEVS survey results. These meetings are designed to ensure agency objectives are transparent and understood and to address any challenges identified in order to continue the agency’s journey to becoming a model employer. In 2021, 80.7 percent of NCUA employees participated in the FEVS, a 6.0 percentage point decrease from 2020. The NCUA continues with employee engagement planning efforts throughout the agency. OHR conducts quarterly engagement sessions to share information and allow the offices an opportunity to work with one another. The following chart lays out the FEVS results on key indices and demonstrates year-over year improvements in certain critical elements of the employee experience at the agency.

Recruitment and Outreach

The NCUA continues to conduct recruitment and outreach to increase awareness of potential employment opportunities among pools of diverse talent. Most outreach and recruitment efforts target groups with less-than expected participation in the workforce (per Section 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act) and individuals with disabilities (per Executive Order 13548).

Continuing in the virtual posture in 2021 because of the COVID-19 pandemic, the NCUA built on the previous year’s recruitment outreach successes. OMWI worked closely with OHR to identify and participate in recruitment outreach events with a focus on targeting diverse candidates with skill sets in finance, accounting, management, and human resources to ensure a continual increase in talented and diverse applicants.

Recruitment Outreach Working Group

OMWI established a Recruitment Outreach Working Group (ROWG) in 2021. The goal of the ROWG is to streamline the NCUA’s recruitment outreach efforts to increase the number of talented and diverse candidates in the agency’s applicant pool.

Coordinating with stakeholders supports strategic and purposeful recruitment and outreach efforts that are implemented through a targeted approach and reach diverse talent pools.

In 2021, the ROWG focused on university career fairs and coordinated attendance at seven virtual events. In addition, OHR and OMWI attended recruitment events hosted by institutions serving underrepresented students and professionals, such as:

- Disability and Wounded Warriors events hosted by Equal Opportunity Publications;
- Corporate Gray virtual job fair, military recruitment event;
- Student Veterans of America Conference;
- Prospanica Conference and Career Expo; and
- The National Black MBA Association Career Expo.

Outreach Communications

Contacts with potential candidates increased in 2021 using an opt-in email communication channel created in late 2020. Visitors who sign up for the messages at virtual or in-person recruitment events receive periodic emails promoting NCUA vacancies open to the public. This tool is another means of increasing the number of talented and diverse candidates in the agency’s applicant pool.

Intern Programs

The NCUA sponsored students in three distinct intern programs during 2021.

Contract Interns

The NCUA has six individual, multi-year contracts with organizations serving underrepresented students. Through these contracts, the agency provides summer internship access and opportunities to college and university students in undergraduate, graduate, doctorate, and juris doctorate programs. Internships under this program have varying lengths of 8, 10, 12 or 15 weeks. Under these contracts, the contracted organizations receive weekly compensation per student from the NCUA. The organizations, in turn, are responsible for all pay and benefits the interns receive during their participation in the program. This program provides students an enriching learning opportunity.

EXECUTIVE SUMMARY: ACCOMPLISHMENTS

Participants gain experience in a federal government setting and the opportunity to perform meaningful projects, while bringing diverse perspectives, talent, skills and experience to the agency.

In 2021, OMWI hosted five summer interns from three of the contracted organizations:

- Hispanic Association of Colleges and Universities;
- Minority Access; and
- Thurgood Marshall College Fund

OPM Pathways Program

OHR used the Office of Personnel Management's Pathways Program to attract seven students from a variety of backgrounds to serve as interns during the summer. This program provides work assignments and developmental experiences intended to promote careers for individuals who have recently graduated from a qualifying educational institution or program. Participants develop skills through challenging work assignments and by using Individual Development Plans, mentors, and formal interactive training.

Mayor Marion S. Barry Summer Youth Employment Program

The NCUA's Office of Human Resources partnered with the Office of the Comptroller of the Currency (OCC) to host five summer high school interns through the Mayor Marion S. Barry Summer Youth Employment Program. The program provided students from economically disadvantaged backgrounds enrolled in targeted Washington, D.C., public and charter schools with an opportunity to work, explore career paths, and gain an understanding of the missions and important work federal regulatory agencies do for the financial services industry.

Training

OMWI delivered and partnered with OHR to deliver a variety of training programs in 2021. These events are described in this section.

Mandatory Training

In 2021, OMWI launched Inclusion at Work: Managing Unconscious Bias, a vendor-supported diversity and inclusion training. This training was mandatory for all employees. The course:

- Addressed the importance of diversity, equity, and inclusion;
- Provided tips to recognize and manage unconscious bias in work-specific contexts;
- Offered tools to help employees build skills to foster a more inclusive workplace; and
- Included a pre- and post-assessment of attendees' understanding of diversity and inclusion principles.

Participants demonstrated a 24-percent increase in their understanding of strategies to make the workplace more inclusive following the training.

Integrated Training

OMWI incorporated updated EEO and DEI training into the agency's suite of employee development training for new employees, new supervisors, and annuitants returning to government service. Such integration increased the visibility of OMWI and strengthened the relationship between OMWI and OHR.

In addition, a series of comprehensive management trainings involving reasonable accommodations, the use of non-competitive hiring authorities, and removing bias from the interview, selection, and promotion processes were proposed and piloted during 2021.

Leadership Training

Seventy-nine employees, or 6.9 percent of NCUA staff, participated in the agency's leadership development programs in 2021. During the year, 59.5 percent (47) of the participants were women and 31.6 percent (25) were employees of color. Participation of employees with disclosed disabilities was 15.2 percent (12). In 2021, the NCUA replaced the Advancing Leader Program with Mission Support Leadership.

The NCUA Office of Human Resources designed a Resilience course for agency's executives, and this course was extended to all offices

EXECUTIVE SUMMARY: ACCOMPLISHMENTS

and employees. Resilience was identified as an area for development and need, and this course strengthened the agency's capacity while continuing to work in a virtual environment during the pandemic. It was also closely aligned the agency's Leadership Development Strategy.

Opportunities and Next Steps

OMWI will enhance existing programs and activities in 2022 as described in this summary.

CDI Council

The NCUA will continue to work with the CDI Council to build an organizational culture where our shared values, beliefs and behavioral norms around equity, diversity, inclusion, engagement, and leadership align with our strategic priorities to optimize organizational performance.

Employee Resource Groups

In addition to the ongoing programs and education, ERG initiatives planned for 2022 include:

ERG Request and Approval Process

OMWI continues to develop processes to guide more efficient and effective interactions between ERGs and OMWI. These include requests, approvals, and alignment of mutual expectations. Some improvements include revising the ERG Handbook and ERG Instruction 1270.8 based on member feedback and conversations with ERG officers and executive sponsors. Updates to the handbook include establishing new processes, activity timeframes, and programs.

Annual Training

OMWI will host a voluntary ERG leadership training to ensure newly elected officers have the resources and knowledge necessary to carry out their duties.

ERG Ambassador Program

The NCUA rescheduled the launch of the ERG Ambassador Program for 2022. This program will identify ERG member volunteers willing to support agency-wide recruitment efforts, aid in developing the Contract Interns Program, and support career advancement programs.

Accessibility of Resources

OMWI will identify in-house training available to ERG officers, adding to the resources available that allow them to continue to develop their skills.

External Outreach

OMWI will continue to use new communication methods to reach out to prospective applicants identified during recruitment outreach events. OMWI is building a list of potential employment candidates. The agency will allow candidates to provide their name and email address to receive NCUA vacancy announcements. New vacancy announcements released to the public will be sent to members of the email list.

OHR and OMWI will also continue their collaborative recruitment and outreach efforts. The NCUA will also continue using social media to enhance recruitment efforts. OMWI will tie recruitment efforts into the special emphasis program and work with the agency's ERGs to ensure broad distribution of social media content, in partnership with the agency's Office of External Affairs and Communications.

In 2022, OMWI will focus on coordinating the plans for a targeted barrier analysis to identify challenges in the hiring and retention of women and Hispanic or Latino employees within the agency. In addition, the NCUA will continue to work with a vendor to expand the diverse, qualified candidate pool, targeting candidates with disabilities, under-represented groups, women, and veterans.

Internal Outreach

Training

The NCUA will incorporate two diversity and inclusion training modules into the learning plans for all employees. The first module, "Workplace Diversity, Equity, and Inclusion in Action", is a guide to defining diversity, equity, and inclusion and advancing meaningful and impactful diversity, equity, and inclusion practices in the workplace. Employees will learn to recognize key characteristics of DEI and practices for building and sustaining a diverse and inclusive culture, how to identify behaviors that signal a breakdown in achieving inclusion, key elements that enable diversity, equity, and inclusion to take root, and the steps for demonstrating agility and resilience.

In the second module, "Recognizing and Addressing Micro-behaviors in the Workplace", employees will learn to recognize the characteristics of micro-behaviors and how to decode the messages they send. It also includes ways to identify when and how to take action to address micro-aggressions, and how to use micro-inclusions as an antidote to micro-aggressions.

OMWI will also partner with the OHR, Division of Training and Development to identify new curriculum to incorporate into the NCUA's leadership development offerings.

In addition, OMWI and OHR plan to collaborate to deliver disability hiring, retention, and career development training to all hiring managers and OHR points of contact. During 2022, NCUA managers will experience interactive and team-building training on diversity, equity, and inclusion to enhance both awareness and competence in these principles. In addition, a module on Belonging and Inclusion will also be offered to all SSPs in 2022.

Disability Solutions Desk

OMWI launched a Disability Solutions Desk pilot in 2022, which establishes a central point of access through an organizational mailbox. Employees will be able to send questions, express concerns and challenges, and offer recommendations related to disabilities. Dedicated OMWI staff will review all incoming messages and coordinate a response and support with appropriate program offices.

OMWI plans to collect and analyze statistical and anecdotal data and use the resulting findings to develop training and programming to support agency employees with disabilities. OMWI further plans to publish responses to frequently asked questions during the pilot months and report its findings and recommendations to agency leadership and the employee union to be used in determining next steps.

Special Emphasis Program

The NCUA's Special Emphasis Program will also host a presentation featuring a panel of Native American leaders in the financial regulatory sector to increase the visibility of the underrepresented population and recognize their contributions. Such programs will increase recognition of employees to further enhance acknowledgement of the contributions various groups make toward achieving the NCUA's mission.

OMWI Talks

OMWI continues to leverage the OMWI Talks platform to encourage employees to feel comfortable discussing topics related to diversity and inclusion within the workplace. In 2022, OMWI plans to update the format of OMWI Talks to better meet employee needs and invite contributions. Events in 2022 will feature informal interviews of NCUA leaders, on a topic of their choice related to diversity and inclusion.

Each OMWI Talk will include a Q&A session with the audience after the interview. The goals of these recurring events will remain the same:

- Expose employees to diverse perspectives;
- Increase cultural competency of leaders and employees who attend or lead conversations; and
- Tackle difficult conversations around diversity, equity, and inclusion.

The most successful OMWI Talks have been those in which agency leaders share their perspectives and engage the audience through personal stories. The new format stands to help achieve these goals while also giving employees the opportunity to learn more about agency leaders.

MD-715 – Part J
Special Program Plan
for the Recruitment, Hiring, Advancement, and
Retention of Persons with Disabilities

To capture agencies' affirmative action plan for persons with disabilities (PWD) and persons with targeted disabilities (PWTD), EEOC regulations (29 C.F.R. § 1614.203(e)) and MD-715 require agencies to describe how their affirmative action plan will improve the recruitment, hiring, advancement, and retention of applicants and employees with disabilities.

Section I: Efforts to Reach Regulatory Goals

EEOC regulations (29 CFR §1614.203(d)(7)) require agencies to establish specific numerical goals for increasing the participation of persons with disabilities and persons with targeted disabilities in the federal government

1. Using the goal of 12% as the benchmark, does your agency have a trigger involving PWD by grade level cluster in the permanent workforce? If "yes", describe the trigger(s) in the text box.

- | | | |
|-------------------------------|--------|----|
| a.Cluster GS-1 to GS-10 (PWD) | Answer | No |
| b.Cluster GS-11 to SES (PWD) | Answer | No |

The NCUA exceeded the 12 percent benchmark for total onboard PWDs at the end of FY2021. The agency's percentage for 2021 was 16.6 percent. During early FY21, the NCUA had a campaign for individuals to update their self-identification, and the PWD numbers increased well above the benchmark. PWDs at each of the two NCUA grade level clusters at the end of FY21 were as follows: • 17.2 percent of the NCUA staff CU-10 and below reported a disability. • 16.5 percent of the NCUA staff CU-11 and above reported a disability. EEOC 501 regulations specify that employees not paid under the General Schedule can be compared to those under the General Schedule based on salary cutoffs at the Washington, DC Locality. When the CU pay scale was converted to the GS scale at each of the two clusters, the NCUA still exceeded the benchmark at each level (cutoff was GS-10 Step 10 base salary compared to CU base salary). • 15.3 percent of employees paid a total salary at the GS-10 and below level equivalent reported a disability. • 16.8 percent of employees paid a total salary at the GS-11 and above level equivalent reported a disability.

*For GS employees, please use two clusters: GS-1 to GS-10 and GS-11 to SES, as set forth in 29 C.F.R. § 1614.203(d) (7). For all other pay plans, please use the approximate grade clusters that are above or below GS-11 Step 1 in the Washington, DC metropolitan region.

2. Using the goal of 2% as the benchmark, does your agency have a trigger involving PWTD by grade level cluster in the permanent workforce? If "yes", describe the trigger(s) in the text box.

- | | | |
|--------------------------------|--------|----|
| a.Cluster GS-1 to GS-10 (PWTD) | Answer | No |
| b.Cluster GS-11 to SES (PWTD) | Answer | No |

The NCUA exceeded the 2 percent benchmark for onboard PWTDs at the end of FY2021. This figure was 4.5 percent (an increase from 2.9 percent in FY2020). PWTDs at each of the two grade level clusters at the end of FY20 were as follows: • 6.0 percent of the NCUA staff CU-10 and below reported a targeted disability. • 4.3 percent of the NCUA staff CU-11 and above reported a targeted disability. EEOC 501 regulations specify that employees not paid under the General Schedule can be compared to those under the General Schedule based on salary cutoffs at the Washington, DC Locality. When the CU pay scale was converted to the GS scale at each of the two clusters, the NCUA was also above the benchmark at each level (cutoff was GS10 Step 10 base salary compared to CU base salary). The NCUA has a different grade structure and the CU-11/12 is our most important split. • 5.0 percent of employees paid a base salary at the GS-10 and below level equivalent reported a targeted disability. • 4.4 percent of employees paid a base salary at the GS-11 and above level equivalent reported a targeted disability.

3. Describe how the agency has communicated the numerical goals to the hiring managers and/or recruiters.

In early FY21, the NCUA resurveyed the workforce to update employees' disability status. The NCUA OMWI distributes a quarterly workforce dashboard to all NCUA staff, and the dashboards are sent directly to the NCUA leadership under memo and posted in the agency's intranet. The dashboards clearly indicate the PWD/PWTD benchmarks against current NCUA workforce numbers.

Section II: Model Disability Program

Pursuant to 29 C.F.R. § 1614.203(d)(1), agencies must ensure sufficient staff, training and resources to recruit and hire persons with disabilities and persons with targeted disabilities, administer the reasonable accommodation program and special emphasis program, and oversee any other disability hiring and advancement program the agency has in place.

A. PLAN TO PROVIDE SUFFICIENT & COMPETENT STAFFING FOR THE DISABILITY PROGRAM

1. Has the agency designated sufficient qualified personnel to implement its disability program during the reporting period? If "no", describe the agency's plan to improve the staffing for the upcoming year.

Answer Yes

2. Identify all staff responsible for implementing the agency's disability employment program by the office, staff employment status, and responsible official.

3. Has the agency provided disability program staff with sufficient training to carry out their responsibilities during the reporting period? If "yes", describe the training that disability program staff have received. If "no", describe the training planned for the upcoming year.

Answer Yes

OMWI and OHR staff attend yearly disability workshops at the Federal Dispute Resolution Conference and/or EEOC's Examining Conflicts in Employment Laws (EXCEL) training conference. Additionally, human resources staff are provided on the job training regarding the sourcing, use and processing of various hiring appointing authorities, and their associated required documentation. New specialists are trained by senior specialists on the agency disability program and responsibilities.

B. PLAN TO ENSURE SUFFICIENT FUNDING FOR THE DISABILITY PROGRAM

Has the agency provided sufficient funding and other resources to successfully implement the disability program during the reporting period? If "no", describe the agency's plan to ensure all aspects of the disability program have sufficient funding and other resources

Answer Yes

Section III: Plan to Recruit and Hire Individuals with Disabilities

Pursuant to 29 C.F.R. §1614.203(d)(1)(i) and (ii), agencies must establish a plan to increase the recruitment and hiring of individuals with disabilities. The questions below are designed to identify outcomes of the agency's recruitment program plan for PWD and PWTD

A. PLAN TO IDENTIFY JOB APPLICATIONS WITH DISABILITIES

1. Describe the programs and resources the agency uses to identify job applicants with disabilities, including individuals with targeted disabilities.

The NCUA participates in a number of activities to enhance outreach to individuals with disabilities. These efforts include: - Maintaining a "talent bank" of Schedule A applicants who apply for agency positions. - Participating in targeted outreach events sponsored by Career Expo for People with Disabilities & Wounded Warrior, National Association for the Deaf, and Careers & the Disabled magazine. - Expanding the NCUA's outreach through LinkedIn Recruiter and the USAJOBS Resume Mining tool to reach diverse applicants, including those with disabilities. - Offering the Workforce Recruitment Program Services as an additional resource for managers to source potential applicants to fill vacant positions, in addition to the regular competitive recruitment process. - Distributing NCUA vacancy announcements to a newly established E-Mail distribution list of potential applicants that have expressed interest in NCUA opportunities during recruitment and outreach events. - Posting a full-page ad in DiversAbility magazine sponsored by DiversityComm. - Leveraging the services of a vendor that distributes NCUA job postings to diverse populations, including PWD and PWTD.

2. Pursuant to 29 C.F.R. §1614.203(a)(3), describe the agency's use of hiring authorities that take disability into account (e.g., Schedule A) to recruit PWD and PWTD for positions in the permanent workforce

The agency uses all available and appropriate hiring authorities to employ persons with disabilities. The NCUA's recruitment and outreach efforts included the following: - Using LinkedIn. This tool allows the NCUA to expand outreach efforts to a more diverse pool of applicants, to include targeting and connecting with various disabled veterans' groups and communities in LinkedIn. - Distributing NCUA vacancy announcements to over 570 diverse organizations, colleges, and universities through the digital tool, Handshake. This outreach effort includes veterans' organizations and organizations focused on hiring individuals with disabilities. - Posting All NCUA vacancy announcements on targeted websites to ensure maximum distribution to a diverse audience, which includes individuals with disabilities. - Maintaining a talent bank of Schedule A applicants, which includes disabled veterans who apply for positions with the agency. - Using the USAJobs Resume Mining database to search for highly qualified individuals with disabilities and/or veterans with a disability rating of 30% or more. - Distributing NCUA vacancy announcements to a newly established E-Mail distribution list of potential applicants that have expressed interest in NCUA opportunities during recruitment and outreach events. - Leveraging social media channels established by the NCUA's Office of External Affairs and Communications to announce the NCUA's participation at diverse recruitment outreach events.

3. When individuals apply for a position under a hiring authority that takes disability into account (e.g., Schedule A), explain how the agency (1) determines if the individual is eligible for appointment under such authority; and, (2) forwards the individual's application to the relevant hiring officials with an explanation of how and when the individual may be appointed.

The Disability Recruitment Program Manager uses a searchable Schedule A candidate database to assist hiring managers. Human Resources hiring specialists discuss the process and review the Schedule A database with managers for every recruitment, and managers are encouraged to consider all available candidates prior to posting the vacancy. Additionally, once vacancy announcements are posted, each specialist is responsible for confirming the eligibility of qualified Schedule A candidates prior to issuing certificates to the hiring managers. Schedule A candidates may apply to agency postings through a vacancy announcement. Candidates who apply to a vacancy announcement are reviewed to determine their qualifications and eligibility. Thereafter, qualified candidates are forwarded to the hiring official on a referral list for consideration. Once the candidate's application and supporting documentation are received, the coordinator will conduct a qualifications analysis of all materials submitted. After a careful review, candidates are notified of their status (qualified/not qualified). Qualified candidates are added to the agency's Schedule A database. Each HR Specialist is required to review the database prior to posting the vacancy announcement and refer qualified candidates to the hiring official (at the hiring official's request).

4. Has the agency provided training to all hiring managers on the use of hiring authorities that take disability into account (e.g., Schedule A)? If "yes", describe the type(s) of training and frequency. If "no", describe the agency's plan to provide this training.

Answer Yes

The agency has a supervisory orientation program, recently updated supervisory training, and a resource center for employees who are newly appointed into supervisory positions. The resource center tools provide an overview of training requirements as well as immediate access to external training, webinars, and job aids. The Schedule A job aid tools cover the hiring authority details and answer several commonly asked questions. In addition to the supervisory training and resource center tools, each HR specialist is responsible for educating managers on the Schedule A hiring authority and process during the recruitment/hiring process.

B. PLAN TO ESTABLISH CONTACTS WITH DISABILITY EMPLOYMENT ORGANIZATIONS

Describe the agency's efforts to establish and maintain contacts with organizations that assist PWD, including PWTD, in securing and maintaining employment.

The Office of Human Resources distributes all vacancy announcements to over 550 diverse organizations. This includes organizations focused on hiring individuals with disabilities. The agency also shares vacancy announcements with universities, such as Gallaudet University and University of Rochester, which are focused on attracting and supporting students with disabilities.

C. PROGRESSION TOWARDS GOALS (RECRUITMENT AND HIRING)

1. Using the goals of 12% for PWD and 2% for PWTD as the benchmarks, do triggers exist for PWD and/or PWTD among the new hires in the permanent workforce? If "yes", please describe the triggers below.

- a. New Hires for Permanent Workforce (PWD) Answer No
- b. New Hires for Permanent Workforce (PWTD) Answer No

Table B8 indicates the agency hired 18 PWD (including 6 PWTD) out of a total of 84 total new hires. This represents 17.9 percent PWD new hires and 7.2 percent for PWTD. These numbers are both increases from previous years.

2. Using the qualified applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among the new hires for any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. New Hires for MCO (PWD) Answer Yes
- b. New Hires for MCO (PWTD) Answer Yes

None of the new hires (n=30) for our largest mission critical occupation (series 0580) were self-identified as PWD or PWTD. Total -Qualified: 1,687 -Referred: 567 - Selected: 30 PWD - Qualified: 72 - Referred: 18 - Selected: 0 PWTD - Qualified: 29 - Referred: 8 - Selected: 0 This suggests a trigger for both PWD and PWTD among new hires in the permanent mission critical workforce.

3. Using the relevant applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among the qualified internal applicants for any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Qualified Applicants for MCO (PWD) Answer Yes
- b. Qualified Applicants for MCO (PWTD) Answer No

One internal promotion self identified as PWD. There were no MCO internal promotions that self-identified as PWTD (n=62). PWD - Relevant Pool: 11.8% - Applied: 164 (8.1%) - Qualified: 28 (5.7%) - Selected: 1 (1.6%) PWTD - Relevant Pool: 3% - Applied: 89 (4.4%) - Qualified: 16 (3.3%) None selected because none self-identified as PWTD.

4. Using the qualified applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among employees promoted to any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Promotions for MCO (PWD) Answer Yes
- b. Promotions for MCO (PWTD) Answer Yes

None of the internal promotions (n=4) for mission critical occupations (series 0580) were self-identified as PWD or PWTD. PWD - Relevant Pool: 5.7% - Applied: 0 (0.0%) - Qualified: 0 (0.0%) - Referred: 0 (0.0%) - Selected: 0 PWTD - Relevant Pool: 3.3% - Applied: 0 (0.0%) - Qualified: 0 (0.0%) - Referred: 0 (0.0%) - Selected: 0

Section IV: Plan to Ensure Advancement Opportunities for Employees with Disabilities

Pursuant to 29 C.F.R. §1614.203(d)(1)(iii), agencies are required to provide sufficient advancement opportunities for employees with disabilities. Such activities might include specialized training and mentoring programs, career development opportunities, awards programs, promotions, and similar programs that address advancement. In this section, agencies should identify, and provide data on programs designed to ensure advancement opportunities for employees with disabilities.

A. ADVANCEMENT PROGRAM PLAN

Describe the agency's plan to ensure PWD, including PWTD, have sufficient opportunities for advancement.

The NCUA's primary occupation is the Credit Union Examiner (CUE). Entry-level CUE positions are advertised and recruited as a career ladder position with promotion opportunity to a target level of CU-12. CUEs are provided extensive training to develop and reach the full performance level. Note: All CUE announcements are open to Schedule A candidates.

B. CAREER DEVELOPMENT OPPORTUNITIES

1. Please describe the career development opportunities that the agency provides to its employees.

The agency launched a Leadership Development Strategy that outlines the agency’s leadership strategy and vision , which includes four pillars, the competencies needed throughout the employee’s leadership journey. Leadership developmental training opportunities are offered through the OHR's Division of Training and Development. The programs are designed to provide competency-based leadership training. These programs include: • Aspiring Leader Program: a program offered by the Graduate School's Center for Leadership and Management. • Executive Leadership Program: a 9-month program offered to non-supervisors. Participants complete a variety of activities including a developmental detail, formal training sessions, etc. • Management Development Program: an 18-month developmental program for non-supervisors. Candidates gain experience in defining project scopes, delegating work, developing others, etc. • Excellence in Government Fellows: a 12-month program for supervisors/managers. Candidates are able to enhance their skills through a combination of coursework, action-learning projects, executive coaching, and government-wide networking. Fellows remain in their full-time jobs, meet every six weeks, and spend a total of 24 days in session. • NCUA Executive Training Program: an 18-month program for senior level supervisors. This program prepares employees to transition from supervisory or managerial positions into senior leadership positions within the agency. • Executive Coaching Program: a 12-month program for the NCUA's executive staff. The program is designed to help managers become more highly effective leaders, reinforce leadership competencies, enhance performance, etc. In addition, the agency offers a series of training opportunities through its internal training catalog, external training organizations, agency shadowing assignments, and opportunities to participate in short-term detail assignments. The agency also provides career development opportunities through its agency-wide mentorship program. NOTE: These programs are not presented in Tables A/B12 & 20 because they are available for grade ranges and do not align with those tables. Also, some leadership development programs such as the Management Development Program are two-year programs and applications were processed in FY21 so those are not reported here even though participants remain in those programs through FY22.

2. In the table below, please provide the data for career development opportunities that require competition and/or supervisory recommendation/approval to participate.

Career Development Opportunities	Total Participants		PWD		PWTD	
	Applicants (#)	Selectees (#)	Applicants (#)	Selectees (#)	Applicants (#)	Selectees (#)

Coaching Programs	60	60	10	10	1	1
Other Career Development Programs	15	15	2	2	1	1
Mentoring Programs	26	26	8	8	0	0

3. Do triggers exist for PWD among the applicants and/or selectees for any of the career development programs? (The appropriate benchmarks are the relevant applicant pool for the applicants and the applicant pool for selectees.) If “yes”, describe the trigger(s) in the text box. Select “n/a” if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Applicants (PWD) Answer No
- b. Selections (PWD) Answer No

4. Do triggers exist for PWTD among the applicants and/or selectees for any of the career development programs? (The appropriate benchmarks are the relevant applicant pool for the applicants and the applicant pool for selectees.) If “yes”, describe the trigger(s) in the text box. Select “n/a” if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Applicants (PWTD) Answer No
- b. Selections (PWTD) Answer No

There was one PWTD applicant and selection to the Leadership Development Programs. Coaching is offered for senior staff and supervisors.

C. AWARDS

1. Using the inclusion rate as the benchmark, does your agency have a trigger involving PWD and/or PWTD for any level of the time-off awards, bonuses, or other incentives? If "yes", please describe the trigger(s) in the text box.

- a. Awards, Bonuses, & Incentives (PWD) Answer Yes
b. Awards, Bonuses, & Incentives (PWTD) Answer Yes

Table B13 shows there were no time-off awards given in FY2021. The majority of cash awards given fell in the \$500 or less category (1,380). For that award size, 255 (18.5%) of the awards were received by a PWD employee, while 65 (4.7%) of those awards were received by a PWTD employee. The next highest number of awards was the \$501-\$999 category (238) with 36 (15.1%) awards going to a PWD and 11 (4.6%) going to a PWTD. For awards \$999 and lower, both PWD and PWTD exceeded workforce composition, with the exception of awards for PWDs in the \$500 - \$999 category. For \$1,000 and above awards (180), 27 (15%) were received by a PWD and 7 (3.9%) were received by a PWTD. As such, during FY 2021, there are triggers for PWDs in the \$501 - \$999 category and for both groups for the \$1,000 and above category.

2. Using the inclusion rate as the benchmark, does your agency have a trigger involving PWD and/or PWTD for quality step increases or performance-based pay increases? If "yes", please describe the trigger(s) in the text box.

- a. Pay Increases (PWD) Answer No
b. Pay Increases (PWTD) Answer No

The Quality Step Increase section of Table B13 does not apply to NCUA because the agency is on a merit-pay system – it is not an award similar to a QSI, since the vast majority of employees receive a merit raise yearly. The NCUA has not conducted an analysis of potential differentials in merit pay increases for PWD / PWTD employees as compared to others in the same occupations or grades.

3. If the agency has other types of employee recognition programs, are PWD and/or PWTD recognized disproportionately less than employees without disabilities? (The appropriate benchmark is the inclusion rate.) If "yes", describe the employee recognition program and relevant data in the text box.

- a. Other Types of Recognition (PWD) Answer N/A
b. Other Types of Recognition (PWTD) Answer N/A

D. PROMOTIONS

1. Does your agency have a trigger involving PWD among the qualified internal applicants and/or selectees for promotions to the senior grade levels? (The appropriate benchmarks are the relevant applicant pool for qualified internal applicants and the qualified applicant pool for selectees.) For non-GS pay plans, please use the approximate senior grade levels. If "yes", describe the trigger(s) in the text box. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

(The appropriate benchmarks are the relevant applicant pool for qualified internal applicants and the qualified applicant pool for selectees.) For non-GS pay plans, please use the approximate senior grade levels. If “yes”, describe the trigger(s) in the text box. Section V: Plan to Improve Retention of Persons with Disabilities

To be model employer for persons with disabilities, agencies must have policies and programs in place to retain employees with disabilities. In this section, agencies should: (1) analyze workforce separation data to identify barriers retaining employees with disabilities; (2) describe efforts to ensure accessibility of technology and facilities; and (3) provide information on the reasonable accommodation program and workplace assistance services.

A. VOLUNTARY AND INVOLUNTARY SEPARATIONS

1. In this reporting period, did the agency convert all eligible Schedule A employees with a disability into the competitive service after two years of satisfactory service (5 CFR § 213.3102(u)(6)(i))? If “no”, please explain why the agency did not convert all eligible Schedule A employees.

Answer N/A

NCUA did not have any eligible Schedule A staff for conversion in 2021

2. Using the inclusion rate as the benchmark, did the percentage of PWD among voluntary and involuntary separations exceed that of persons without disabilities? If “yes”, describe the trigger below.

- a. Voluntary Separations (PWD) Answer No
- b. Involuntary Separations (PWD) Answer Yes

In FY2021, there were 84 total separations: 7 were PWD and none were PWTD. PWD Inclusion Rate: 16.6 PWD Overall Separation Rate: 8.3 PWD Resignation: 7.41 PWD Retirement: 7.89 PWD Other: 33.3 (one PWD out of a total of 3 removals for the year)

3. Using the inclusion rate as the benchmark, did the percentage of PWTD among voluntary and involuntary separations exceed that of persons without targeted disabilities? If “yes”, describe the trigger below.

- a. Voluntary Separations (PWTD) Answer No
- b. Involuntary Separations (PWTD) Answer No

In FY2021, there were 84 total separations: 7 were PWD and none were PWTD. PWTD Inclusion Rate: 3.0 PWTD Overall Separation Rate: 0 PWTD Resignation: 0

4. If a trigger exists involving the separation rate of PWD and/or PWTD, please explain why they left the agency using exit interview results and other data sources.

OHR reviewed exit survey data with OMWI and found no comments suggesting that disability was the reason for separation. NCUA does not have a higher separation rate for PWD than non-PWD.

B. ACCESSIBILITY OF TECHNOLOGY AND FACILITIES

Pursuant to 29 CFR § 1614.203(d)(4), federal agencies are required to inform applicants and employees of their rights under Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. § 794(b), concerning the accessibility of agency technology, and the Architectural Barriers Act of 1968 (42 U.S.C. § 4151-4157), concerning the accessibility of agency facilities. In addition, agencies are required to inform individuals where to file complaints if other agencies are responsible for a violation.

1. Please provide the internet address on the agency's public website for its notice explaining employees' and applicants' rights under Section 508 of the Rehabilitation Act, including a description of how to file a complaint.

The internet address on the NCUA's public website for its notice explaining employees' and applicants' rights under Section 508 of the Rehabilitation Act, including a description of how to file a complaint is <https://www.ncua.gov/accessibility-statement> (Note: The NCUA's reasonable accommodation policy includes Section 508 for accommodation purposes, including filing a complaint, but the policy does not go into details regarding the Section 508 statute.)

2. Please provide the internet address on the agency's public website for its notice explaining employees' and applicants' rights under the Architectural Barriers Act, including a description of how to file a complaint.

The NCUA amended the Accessibility Statement contained at its public website at <https://www.ncua.gov/accessibility-statement> to include notice of employees' and applicants' rights under the Architectural Barriers Act, and included a description of how to file a complaint.

3. Describe any programs, policies, or practices that the agency has undertaken, or plans on undertaking over the next fiscal year, designed to improve accessibility of agency facilities and/or technology.

The Section 508 Policy was approved and distributed December of 2017. The Office of the Chief Information Officer created a Section 508 Resource Center on our internal NCUA Central site. This offers training resources for staff and contractors, as well as other resources for meeting and learning about accessibility. There is also a dashboard available within NCUA's intranet that allows staff to view the progress of improving accessibility for the most highly visited sites and applications. The Office of External Affairs and Communications has identified, and continues to actively identify, areas that need remediation and/or updating. New NCUA content has to be accessible before it is posted on the public-facing websites. The Office of External Affairs and Communications works with content owners and creators to remediate deficiencies. Accessibility language has been updated in the Communications Manual.

C. REASONABLE ACCOMMODATION PROGRAM

Pursuant to 29 C.F.R. § 1614.203(d)(3), agencies must adopt, post on their public website, and make available to all job applicants and employees, reasonable accommodation procedures.

1. Please provide the average time frame for processing initial requests for reasonable accommodations during the reporting period. (Please do not include previously approved requests with repetitive accommodations, such as interpreting services.)

10-20 business days.

2. Describe the effectiveness of the policies, procedures, or practices to implement the agency's reasonable accommodation program. Some examples of an effective program include timely processing requests, timely providing approved accommodations, conducting training for managers and supervisors, and monitoring accommodation requests for trends.

The NCUA's program includes timely processing of requests; providing timely approvals of accommodation requests; conducting training for managers and supervisors; consulting with managers, supervisors, and employees on the process and the laws governing reasonable accommodations; and being proactive regarding the needs of persons with disabilities. In FY 2021, the RA program was moved to OHR to keep the RA process and determinations separate from the EEO processes.

D. PERSONAL ASSISTANCE SERVICES ALLOWING EMPLOYEES TO PARTICIPATE IN THE WORKPLACE

Pursuant to 29 CFR §1614.203(d)(5), federal agencies, as an aspect of affirmative action, are required to provide personal assistance services (PAS) to employees who need them because of a targeted disability, unless doing so would impose an undue hardship on the agency.

Describe the effectiveness of the policies, procedures, or practices to implement the PAS requirement. Some examples of an effective program include timely processing requests for PAS, timely providing approved services, conducting training for managers and supervisors, and monitoring PAS requests for trends.

On July 10, 2020, the EEOC's Agency Oversight Division within the Office of Federal Operations provided the OMWI office feedback and guidance based on their (EEOC's) review of the updated draft reasonable accommodation instruction that was finalized and made available to both agency personnel and the public during the first quarter of 2021. Guidance on PAS services is incorporated into the updated instruction. To this date, there have been no requests for PAS services.

The agency had no findings of discrimination involving the failure to provide a reasonable accommodation during the last fiscal year.

Section VII: Identification and Removal of Barriers

Element D of MD-715 requires agencies to conduct a barrier analysis when a trigger suggests that a policy, procedure, or practice may be impeding the employment opportunities of a protected EEO group.

1. Has the agency identified any barriers (policies, procedures, and/or practices) that affect employment opportunities for PWD and/or PWTD?

Answer No

2. Has the agency established a plan to correct the barrier(s) involving PWD and/or PWTD?

Answer N/A

3. Identify each trigger and plan to remove the barrier(s), including the identified barrier(s), objective(s), responsible official(s), planned activities, and, where applicable, accomplishments

	PE Exam Process	Not yet identified, although an initial Principal Examiner (PE) Exam barrier analysis has identified potential barriers for RNO and gender and disability. Since CU examiners are 2/3 of the NCUA workforce, any triggers or barriers that affect that occupational series make a large impact on retention, and on other factors that influence retention such as promotions, awards, and ultimate separation.

The NCUA utilized services from the Office of Personnel Management (OPM) to evaluate the Principal Examiner (PE) promotional process for adverse impact. The PE test is the process through which examiners obtain promotions. The results of this test and adverse impact relative to individuals with disabilities were evaluated by agency leadership in its Talent Management Council. Plans have been established to evaluate any contributing barriers in the coming year. The TMC worked with OHR and OPM to develop a survey for examiners and supervisory examiners. OPM and OHR convened focus groups to define the appropriate questions to determine the successful preparation techniques of the examiners who passed the PE test. The results from the survey and the subsequent analysis have been used to identify 12 perceived barriers. The NCUA has developed strategies to address these perceived barriers and began the implementation process.</p>	Yes		09/30/2022

Report of Accomplishments

-------------	-----------------

4. Please explain the factor(s) that prevented the agency from timely completing any of the planned activities.

The NCUA is on track with its implementation plan to mitigate or eliminate the impact of the 12 identified perceived barriers. The review of the PE Certification Program and testing procedures is ongoing. An agency-wide survey of stakeholders was conducted, and the results identified perceived/potential barriers and the catalysts for those barriers. Using this information, the agency created a taskforce of Principal Examiners and Supervisory Examiners to develop training and resources for examiners and supervisors. The training and resources produced by the taskforce will better prepare examiners for the PE Certification Assessment and aim to mitigate barriers.

5. For the planned activities that were completed, please describe the actual impact of those activities toward eliminating the barrier(s).

The NCUA used services from the Office of Personnel Management (OPM) to evaluate the Principal Examiner (PE) promotional process for adverse impact. The PE test is the process through which NCUA examiners obtains promotions. The results of this test and adverse impact relative to individuals with disabilities were being evaluated by agency leadership in its Talent Management Council (TMC). The NCUA worked closely with OPM on the NCUA Examiner Career Development and Principal Examiner Certification Program Preparation Project. The NCUA developed short-term and long-term strategies to address barriers identified within the 2019 survey. The short-term strategies put into place include a community of practice (discussion board) for SEs and examiners, enhanced PE Exam resources made available to examiners, and early exposure to examiners of the PE Certification Program and potential career progression opportunities with detailed briefings offered during their first twelve (12) months of employment with the NCUA. Long-term strategies are being developed between the NCUA and OPM.

6. If the planned activities did not correct the trigger(s) and/or barrier(s), please describe how the agency intends to improve the plan for the next fiscal year.

The approach to address perceived and potential barriers is one of continuous process improvement. The work of the PE/SE review is ongoing, and the training and resources produced by the review recommendations will be implemented, assessed for effectiveness, and modified as necessary. While the review was completed in the 4th quarter of 2021, the agency is in the process of implementing its barrier mitigation plan. The NCUA will actively monitor assessment processes and outcomes to continue to mitigate any identified barriers
