

Profile Changes for 2025

We made one change:

1. Added the Legal Entity Identify (LEI) number to the CCU Profile. This field is currently *optional* but we expect it to become required at some point in the future as part of the Financial Data Transparency Act (FDTA). You can find more information regarding the LEI at the U.S. Treasury Office of Financial Research web site at [Legal Entity Identifier | Office of Financial Research](#)
