Anywhere, State 00000

Dear Mr. Doe:

We are working to establish a new federal credit union to serve the community of **Pleasant County, State**. The National Credit Union Administration recently gave preliminary approval to our request for a federal credit union charter, which includes a field of membership, those people in the Pleasant County area who are eligible to join. Based on our research, you may be eligible for credit union membership once we are issued a federal charter.

We are establishing our credit union with our members' specific financial needs in mind. Before we begin developing our business plan and financial projections, we need to better understand what specific financial needs you have and how you might use the credit union.

We are asking you to complete this voluntary survey and return it to the address on this letterhead. The enclosed survey will assist us in understanding your current and future needs for financial products and services.

If you have any questions regarding this letter, the enclosed survey, or about the proposed federal credit union, you may contact me using the information listed above. Thank you.

Sincerely,

Anna Johnson, Organizer
Proposed Federal Credit Union
